

INTERNATIONAL UNDERGRADUATE COURSE GUIDE

2026

MONASH — A GLOBAL COMMUNITY

OUR COMMUNITY

When you join Monash, you become part of a global community committed to improving the world.

With our main base in Australia, campuses in Malaysia, Indonesia, China, India and Italy, and joint partnerships with leading international teaching institutions — this global network is connected by our shared values and a commitment to the communities they serve.

While each Monash campus has its own personality, all are friendly, inclusive and welcoming communities where you'll feel at home.

MAKE YOUR CHANGE WITH MONASH

As a university with a global footprint, we know we must play our part in solving the world's problems. Through education, research and innovation, our academics, students, staff, and alumni have been working to change the world for over 60 years.

Consistently ranked as one of the world's top universities, our unprecedented global reach generates research and education that impacts and changes both lives and communities at scale.

Whether you want to change your life, your career, your community, or the future, **your journey starts at Monash.**

MONASH IMMERSIVE EXPERIENCES

Setting you up for success: Engage in these unique Monash opportunities.

Create your dream résumé with highly sought-after innovation, intercultural and entrepreneurial skills that set you apart.

Experience life-changing opportunities that empower you to drive change, discover new perspectives, and positively impact local and global communities.

Monash Enrich's website lets you discover diverse opportunities from across Monash. Explore new interests and uncover exciting experiences – make your time at uni count.

Filter by areas of interest and uncover unmissable offerings that resonate with you, including electives (no prerequisites or corequisites) and programs (credit and non-credit bearing).

enrich.monash.edu

GLOBAL IMMERSION GUARANTEE (GIG)

Your funded, life-changing global learning experience.

Travel to an international destination and learn how local leaders are addressing the human impact on the environment. You'll spend two weeks overseas, expanding your intercultural skills and learning how to lead real change on the ground. We'll cover your flight, accommodation and visa costs – you'll only need to cover tuition and some food and personal expenses. Destinations have included: Fiji, Vanuatu, Indonesia, Italy, India, China, Malaysia and Samoa.

MONASH INNOVATION GUARANTEE (MIG)

Your guaranteed industry experience with leading organisations.

Gain hands-on industry experience with leading organisations like the United Nations (UN), Microsoft and Amnesty International as part of your degree with the Monash Innovation Guarantee (MIG) unit. You don't need to apply or interview. Collaborate directly with influential industry leaders and inspiring innovators on real-life challenges. No need to wait until you graduate to make a real impact – MIG helps you make important connections and have your voice heard now.

RESEARCH, EXPERIMENTATION AND DISCOVERY (RED)

Turn research into real-life impact.

Innovative Monash research has been transforming the world for more than 60 years, from the world's first successful IVF to game-changing green technology.

RED is the first unit of its kind globally, bringing cutting-edge Monash research to students, with no research background required. RED empowers students from all disciplinary backgrounds to use the immense potential of research translation to reshape their communities and the world.

VOLUNTEERING

Get credit for contributing to your community while you study.

You can now get credit points towards your degree by enrolling in our new volunteering unit. You don't need to choose between making a difference and focusing on your studies – you can do both through this exciting opportunity.

Volunteering is a powerful way to build invaluable connections and make a positive impact. Include volunteering in your résumé, and show employers you have leadership capability and a community-minded outlook.

WAYS INTO MONASH

SCHOLARSHIPS

We're committed to attracting academic high-achievers and producing internationally competitive graduates. These scholarships are just some of those we offer¹:

- **Monash International Leadership Scholarship:** offered to high achievers with potential to be an ambassador for the University
- **Sir John Monash Scholarship for Excellence:** offered to the top 10 students achieving an ATAR of 98+ (or through equivalent IB or Year 12 systems)
- **Monash International Merit Scholarship:** achieved within the top 5% of your international qualification (e.g. A levels).

For more information on our scholarship offering [CLICK HERE](#)

STUDY GRANTS

Through our Study Grants program, we'll help you reach your full potential and achieve your career goals and aspirations.

As an international student applying to study a graduate course at Monash University in Australia, you'll automatically be assessed for a Monash University International Study Grant offer.

- You must study a minimum credit-point load per semester to maintain your grant.
- Please note that Monash University International Study Grants are limited, so we encourage you to apply early.

AM I ELIGIBLE?¹

You must first apply for a Monash course. Monash University International Study Grants are awarded based on select eligibility criteria including:

- **Study level** – new commencing students undertaking graduate degrees are eligible
- **Academic criteria** – you must meet our academic entry requirements and have a full offer letter to study at a Monash Australia campus².

For more information on our International Study Grants [CLICK HERE](#)

MONASH PATHWAY PROGRAMS

We offer three pathway programs into an undergraduate degree course at Monash: Foundation Year, Diploma³ and the Monash Advanced Preparation Program. All you need to do is decide which is best for you.

monash.edu/study/courses/find-a-course

MONASH ENGLISH

We also offer two English programs to help you develop the English language skills you need to succeed.

- **Monash English:** our core language pathway for you to meet the English language requirements for Foundation Year, Diplomas, Monash Advanced Preparation Program and your undergraduate course.
- **Introductory Academic program** – available if you've received a full offer to Monash University degree program. This five-week program provides academic skills training to give you a head start in your university studies.

monashcollege.edu.au/courses/english

CHOOSE YOUR ENGLISH LANGUAGE PATHWAY

Image: Students studying at Caulfield Library, Caulfield campus.

¹ Scholarships will have their own criteria – visit our website for full details.

² This information was correct at time of publication, but is subject to change. Please check our website for full details.

³ The Diploma is a 96-credit-point course.

⁴ If you have completed an Australian Year 11 with the required scores (or equivalent) you'll be eligible for entry into our Diploma and must complete 96 credit points (both Diploma part 1 and 2).

⁵ If you have completed an Australian Year 12 with the required scores (or equivalent) you'll be eligible for entry into our Diploma and will receive 48-credit-point exemptions for part 1, reducing your course duration.

LIVING IN MELBOURNE

Our Australian base is a vibrant, multicultural city that brims with life. It offers an abundance of cultural festivities, international sporting events, cafés and restaurants serving global cuisines, features beautiful parks and beaches, and thrives with an eclectic mix of music and arts. You couldn't pick a better place to live.

As one of the top 10 most liveable cities¹, you can expect excellence in public transport and healthcare, as well as opportunities for casual work while studying. Plus, Melbourne is renowned as a welcoming environment for international students, providing a home away from home.

¹ Global Liveability Index 2024, Economist Intelligence Unit, 2024.

LIFE AT MONASH

We want you to get the most out of your university life and that goes beyond what course you enrol in.

Start with a short stroll to class before lunch; or chat with your friends at one of the cafés. Study on the lawns in the afternoon. Connect with fellow travellers in our clubs and societies. Gyms, tennis courts, sports fields, and even restaurants – they're all available to you as you build your student life at Monash.

Connect with peers

A huge part of your student life will be in the connections you make. We offer a myriad of ways to connect with other students. There are hundreds of clubs and associations, and we run events and activities throughout the year that will allow you to connect with other people and cultures. We run a student news service that you can join, and we also have a religious centre that is available to all denominations.

Academic services

Monash offers various services to help support you both at the administration level, but also with study programs.

Career development services

We want you to develop your employability skills and we offer services to help you with that through career, leadership and volunteering opportunities. You can also connect with your peers through our peer-mentoring program.

Health and security services

Staying physically and mentally healthy can impact the success of your studies. We offer medical, dental, counselling and pharmacy services on our campuses. We also offer disability support services, and LGBTIQ+ support services as well. Our security services are staffed 24-hours, so you can be sure to have assistance available to you if you're staying back late to study.

CLICK HERE
to learn more about our support services

ACCOMMODATION AT MONASH

Where you'll live is one of the more important decisions you'll make at university and when it comes to choosing a place to live, everyone has different preferences in terms of location and accommodation type.

That's why we're here to help you navigate your accommodation options.

On-campus accommodation

Living on campus offers convenience, fun, and security. Join our inclusive residential community to enjoy weekly events, make friends, and receive support from our dedicated residential life teams and 24/7 security assistance. On-campus accommodation is available at the Clayton and Peninsula campuses in a range of different styles from shared flats, halls of residence and self-contained studio apartments¹.

Applications for on-campus accommodation are free and open at the start of September. Applications are assessed on the date of application so it's important to apply as early as possible.

Other student accommodation providers

Monash University works with several student accommodation providers who offer a range of options specifically for students and often with residential support.

Renting in the private rental market

If you'd prefer to rent a house, or a room in a shared house or rooming house, we have the resources to inform you of your options and can help guide you on how to find accommodation to suit your needs.

CLICK HERE
for more about Monash Residential Services

Image: Monash Sport

Image: Monash Merchant, Clayton campus

Image: Gillies Hall, Peninsula Residential Services

¹ The fees for living on campus at Monash University vary depending on the type of accommodation. On-campus accommodation fees include gas, water, electricity, internet, residential parking permit and laundry facilities.

HOW TO BUILD YOUR COURSE

So, you know exactly what studies you're keen to pursue? Or maybe you want to explore your options? Either way, you can create the course that best suits you.

COURSE TYPES

You'll enrol in either a comprehensive, specialist or a double degree course.

COMPREHENSIVE COURSES

Comprehensive courses offer many possibilities, and are a great option if you're not quite sure what to pursue. All our comprehensive courses have majors/minors so you can build a course based on your interests.

Comprehensive course map (indicative)

YEAR 1				
SEM 1	MAJOR UNIT	MINOR UNIT	DISCIPLINE SPECIFIC	FREE ELECTIVE
SEM 2	MAJOR UNIT	MINOR UNIT	DISCIPLINE SPECIFIC	FREE ELECTIVE
YEAR 2				
SEM 1	MAJOR UNIT	MINOR UNIT	DISCIPLINE SPECIFIC	FREE ELECTIVE
SEM 2	MAJOR UNIT	MINOR UNIT	DISCIPLINE SPECIFIC	FREE ELECTIVE
YEAR 3				
SEM 1	MAJOR UNIT	MAJOR UNIT	FREE ELECTIVE	FREE ELECTIVE
SEM 2	MAJOR UNIT	MAJOR UNIT	FREE ELECTIVE	FREE ELECTIVE

SPECIALIST COURSES

Specialist courses are quite focused in their subject areas. You still have options to broaden your studies, but you'll specialise in a particular subject area.

Bachelor of Biomedical Science (indicative)

YEAR 1				
SEM 1	DISCIPLINE SPECIFIC	DISCIPLINE SPECIFIC	DISCIPLINE SPECIFIC	ELECTIVE
SEM 2	DISCIPLINE SPECIFIC	DISCIPLINE SPECIFIC	DISCIPLINE SPECIFIC	ELECTIVE
YEAR 2

SEM 2	DISCIPLINE SPECIFIC	DISCIPLINE SPECIFIC	DISCIPLINE SPECIFIC	ELECTIVE
YEAR 3				
SEM 1	DISCIPLINE SPECIFIC		ELECTIVE	ELECTIVE
SEM 2	DISCIPLINE SPECIFIC		ELECTIVE	ELECTIVE

 **CLICK HERE**
to view our sample course maps online

HOW TO CREATE YOUR COURSE

No matter the type of course you choose, you'll create your course by picking units from within or outside your discipline area.

- **Discipline-specific:** these must be completed as part of your studies.
- **Discipline-elective:** you choose what unit to study from a list of units within your study area.
- **Free-electives:** a unit offered by Monash from any study/interest area.

Your unit choices will focus or broaden your studies. What's available to you will vary depending on the course you've enrolled in.

DOUBLE DEGREES

Double degrees allow you to study towards two degrees at the same time. You can keep your options open and develop expertise in different but complementary areas. You'll not only save two years of time, you'll also save two years of course fees. We offer two kinds of double degrees: double undergraduate degrees, or undergraduate/graduate degrees.

Double undergraduate degree

A double undergraduate degree course takes two years less to complete than studying the two degrees separately. This is because the required units in one course count as electives in the other. See the sample map below.

Bachelor of Business and Bachelor of Arts (indicative)

YEAR 1				
SEM 1	BUSINESS	BUSINESS	ARTS	ARTS
SEM 2	BUSINESS	BUSINESS	ARTS	ARTS
YEAR 2

SEM 2	BUSINESS	BUSINESS	ARTS	ARTS
YEAR 4				
SEM 1	BUSINESS	BUSINESS	ARTS	ARTS
SEM 2	BUSINESS	BUSINESS	ARTS	ARTS

BUSINESS	specified study	ARTS	specified study
BUSINESS	major	ARTS	major

Undergraduate/graduate double degrees

Some double degree courses incorporate both an undergraduate and graduate element. After five years' study, you'll graduate with both a bachelor's and a master's degree.

These courses are:

- Bachelor of Architectural Design and Master of Architecture
- Bachelor of Actuarial Science and Master of Actuarial Studies
- Bachelor of Medical Science and Doctor of Medicine
- Bachelor of Pharmacy (Honours) and Master of Pharmacy.

In addition, the Bachelor of Economics, Bachelor of Engineering (Honours) and Arts undergraduate courses offer accelerated master's pathways that enable you to complete an expert master's course with only one further year of study.

OUR RANGE OF DOUBLE DEGREES

Monash has one of the largest offerings of double degree combinations in Australia. For admission into a double degree, generally the higher entry requirements apply of the two single degrees. The range of criteria that applies to each single degree also applies to the double degree. For example, if you're applying for the Bachelor of Arts and Bachelor of Music, you'll need to meet the subject prerequisites for both courses and satisfy any additional requirements. Some double degree combinations may require you to study across two campuses in order to complete your studies.

ART, DESIGN AND ARCHITECTURE

At Monash Art, Design and Architecture, you'll thrive in a creative community that allows you to take risks and break new ground.

Our degrees are all specialist courses, so your electives enable you to enhance and customise your studies to build your capabilities in specific areas and interests. We also offer double degrees where you can further expand your knowledge and skills.

INTERNSHIPS AND OVERSEAS EXPERIENCES

We offer specialised electives that give you the chance to gain practical experience through internships and placements in your field. You'll also have opportunities to work with professionals from different disciplines and even the chance to study at our international campus in Prato, Italy.

FACILITIES

World-class studios and facilities from glass and automotive clay modelling to 3D printing and robotic manufacturing.

1 2025 quoted fees, in Australian dollars and are subject to change. Fees are per 48 credit points – a standard full-time course load for a years. Course fee will vary depending on what double degree you study.
2 This is only applicable if you have not satisfied the English requirement; you're required to complete a Monash-approved English test such as IELTS (Academic), Internet Based TOEFL or Pearson Test of English (Academic). Other English tests may also be accepted and are assessed when you apply to Monash.
3 Only available with select specialisations.
4 This is a packaged course where you'll first enrol in the Bachelor of Architectural Design. Once you've completed the Bachelor's degree, you'll then need to enrol in the master's course.
5 The entry requirements published in this guide, apply to specific Diploma programs only and are for students commencing their studies in 2026 with the 48-credit-point exemption who are completing part 2 of the Diploma.
For more information: monash.edu/study

For full course details visit our website, monash.edu/study

ARTS, HUMANITIES, SOCIAL SCIENCES AND PERFORMING ARTS

With both specialist and comprehensive courses available, Monash Arts allows you to specify or broaden your studies to suit your interests. Monash also offers one of the largest double degree offerings in Australia, and this is especially evident at Monash Arts where we have 40 double degree combinations – allowing you to expand your interests even further.

ACCELERATED MASTER’S

For high-achieving students, you can graduate with a bachelor and master’s degree in only four¹ years, in one of the following programs:

- Applied Linguistics
- Bioethics
- Communications and Media Studies
- Cultural and Creative Industries
- International Development Practice
- International Relations
- International Sustainable Tourism Management
- Interpreting and Translation Studies¹
- Journalism
- Public Policy
- Strategic Communications Management.

WORLD-CLASS FACILITIES

From the high-tech, multi-million dollar Monash Media Lab, to the collaborative Learning and Teaching building and our inspiring and comfortable libraries providing resources, spaces and technologies, Monash’s facilities will make your learning experience fun, interactive and engaging.

SCHOLARSHIPS

We want as many bright minds as possible to benefit from a Monash education, which is why we offer one of the most generous scholarship programs in the country. Find out how you can achieve your full potential and make your mark on the world by exploring your options at:

monash.edu/scholarships

INDUSTRY EXPERIENCE

Monash Arts offers:

- Internationalised and industry connected curricula
- Internships and industry projects
- Study tours in Australia and overseas
- Mentoring and leaderships programs.

¹ The duration will be longer for and the Interpreting and Translations Studies (4.5 years) master’s courses.

² 2025 quoted fees, in Australian dollars and are subject to change. Fees are per 48 credit points – a standard full-time course load for a year.

³ This is only applicable if you have not satisfied the English requirement; you’re required to complete a Monash-approved English test such as IELTS (Academic), iBT TOEFL or Pearson Test of English (Academic). Other English tests may also be accepted and are assessed when you apply to Monash.

⁴ Only available with select specialisations.

⁵ This is also available as an extended major.

⁶ The Psychology extended major is only available in the Bachelor of Arts as a single degree, or as part of the Science/Arts double degree.

BUSINESS AND COMMERCE

RANKED
NO.1 IN AUSTRALIA
BUSINESS ADMINISTRATION & FINANCE¹

At Monash Business School, we'll help you specialise in the most impactful fields of business. We offer Australia's widest range of business single and double degree courses, providing the flexibility to design your course to suit your goals and interests.

DOUBLE DEGREES

A double degree is a great way to expand your employability. Consider combining two different areas of business as a double degree course to really strengthen your career prospects, or combine two passions by pairing business with law, engineering, arts or education.

INDUSTRY EXPERIENCE

Gain practical experience while earning credit towards your degree. Industry placements and working on real business cases are the ideal way to enhance your career readiness. You can also join our mentoring programs, take part in volunteering opportunities and attend networking events – all designed to build confidence, make connections and shape your career journey.

Monash Business School is recognised for its prestigious 'triple accreditation' from global accrediting bodies. This status is held by only 1% of business schools worldwide.

Our international reputation for excellence provides a passport to a global career.

Join Australia’s top-ranked Faculty of Education where you can choose from two distinct undergraduate pathways.

Pursue a career in teaching with our Bachelor of Education (Honours). When you graduate, you’ll have the qualifications to be a registered school teacher or early childhood teacher in Australia.

Or you can drive change as a Learning Designer across a great variety of industries with the Bachelor of Learning Design and Technology.

INDUSTRY EXPERIENCE

You’ll complete 80-90 days of professional experience during the Bachelor of Education (Honours), so you’ll be able to apply your skills and knowledge as you learn them.

The Bachelor of Learning Design and Technology offers the opportunity to apply learning to real-life contexts through industry engagement.

CAREER OUTCOMES

Become an early childhood, primary or secondary school teacher or join the growing number of Learning Designers across the world in sectors such as media, EdTech, entertainment, HR and education.

UNDERGRADUATE COURSE OFFERING

ENGINEERING

RANKED
NO.1 IN AUSTRALIA
FOR ENGINEERING¹

Monash Engineering sets you on the path to transform the future. As an engineer, you'll develop solutions for global challenges, advancing sustainable technologies and innovations to save lives and benefit society. You'll study a common first year so you can get a taste of specialisations before deciding which to pursue from your second year.

ENGINEERING SPECIALISATIONS

Choose from the following specialised fields:

- Aerospace engineering
- Biomedical engineering²
- Chemical engineering
- Civil engineering
- Electrical and computer systems engineering
- Environmental engineering
- Materials engineering
- Mechanical engineering
- Robotics and mechatronics engineering
- Software engineering.

You can also complement your studies with a minor from different and emerging engineering fields, including artificial intelligence, sustainability, renewable energy and smart manufacturing³. Additionally, Professional Practice units are integrated into the curriculum to provide a more enriching and tailored experience, incorporating work placements whilst studying.

INDUSTRY EXPERIENCE

Connect with industry, gain professional experience and get a headstart with your career through our internships:

- Co-operative Education Program (Co-op)
- Industry Innovation Program (IIP)
- Industry Experience (IE).

Develop employability skills while you're studying with our programs:

- Continuous Professional Development
- Career Ready Series.

ACCELERATED MASTER'S PATHWAY

Graduate with both a Bachelor of Engineering (Honours) and a Master of Engineering in just one additional semester. The Master's program enhances your technical expertise and equips you with leadership skills to improve your employment outcomes.

INFORMATION TECHNOLOGY

RANKED
NO.2 IN
AUSTRALIA
FOR COMPUTER SCIENCE¹

Monash is the only university in the prestigious Group of Eight with a faculty dedicated to Information Technology. So you can rest assured that IT isn't a side interest to us – it's everything that we do.

Comprehensive and flexible, our undergraduate programs cover every major area of our field – giving you well-rounded and specialist expertise at the same time.

FACILITIES

Our cutting-edge spaces are primarily located at Monash Clayton campus and they include our:

- Mixed Reality Studio
- Cybersecurity Studio
- Immersive Analytics Lab
- Makerspaces
- Human Interaction Lab
- 360-seat teaching space

Many of these are based in the Woodside Building for Technology and Design, an innovatively-designed building that exists to enrich learning and research. We also have world-class facilities at Caulfield campus, such as our SensiLab – the home of computational creativity.

PROFESSIONAL
RECOGNITION

All our courses are accredited by the Australian Computer Society – the professional association for information and communications technology in Australia.

FOR FULL DETAILS OF OUR
UNDERGRADUATE COURSE OFFERING

INDUSTRY EXPERIENCE

We give you plenty of opportunity to gain valuable practical experience, securing your employability in the job market. Our undergraduate courses provide:

- Industry-based Learning (IBL), or
- Industry Experience Studio Projects.

SCHOLARSHIPS

All students who participate in our flagship IBL internship program receive a generous grant per placement. We also offer a number of other scholarships to promote equity and excellence, such as our Women in Technology scholarship.

1 THE World University Rankings by Subject, 2025.

LAW

RANKED

NO.1

IN AUSTRALIA
AND 24 IN THE WORLD¹

Monash Law is one of Australia's largest and most prestigious law schools.

We offer a range of undergraduate, postgraduate and research degrees and provide legal education and training to more than 3500 undergraduate and graduate students at any time.

WORLD-CLASS FACILITIES

We have a broad teaching base, strong international links and an excellent reputation.

Our Clayton campus is the hub for our undergraduate law courses. Our state-of-the-art moot court provides a realistic courtroom setting for experiential learning about court proceedings and participating in mootng competitions.

INTERNATIONAL STUDY

You can include an international study program in your Monash Law degree to help you learn about different legal traditions and systems to prepare for a legal career in a global environment. The many options include student exchange, study abroad, and Monash Global Campus Intensives at our Malaysian and Italian locations.

DOUBLE DEGREES

You can study the Bachelor of Laws (Honours) as a single degree or combine your law interest with another course and study a double degree. In a double degree, you undertake both qualifications simultaneously, enabling you to complete your degrees in a shorter time than if you took each degree separately and you will be awarded two Monash degrees.

CLINICAL LEGAL GUARANTEE (Industry Experience)

Clinical legal education is an important way for students to understand and appreciate how theory comes to life as it is put into practice. You are guaranteed the opportunity to add real legal experience to your degree through a range of Clinical Legal Education practice subjects. You may choose a placement at the Monash Law Clinics, where you'll help people unable to access justice elsewhere, or an internship or in-house clinic with one of our many partner organisations.

CAREER OUTCOMES

Monash Law graduates pursue legal careers in national and international law firms and legal practices in large city centres and suburban and regional areas. They also provide advice as in-house legal counsel to corporate, government or social justice organisations in countries worldwide.

If you're not thinking of becoming a lawyer, Monash Law can help you embark on non-legal career paths such as:

- government and politics
- banking and finance
- business consultancy and management
- science and engineering
- environmental protection and development
- project management
- international organisations, such as the United Nations
- non-government organisations such as the Red Cross and Amnesty International.

MEDICINE, NURSING AND HEALTH SCIENCES

If you have the passion, we have the opportunity.

In just over 60 years, Monash Medicine, Nursing and Health Sciences has become globally recognised for our quality education of over 75,000 doctors, nurses, and allied health professionals. As the University's largest research faculty, we have contributed to breakthroughs in crucial areas like IVF, Alzheimer's disease, cancer research, and infectious diseases. Our continued teaching excellence and research outcomes have cemented Monash's place as a world leader in medical and health sciences research and education.

Image: Students in our Clinical Learning Environment, Faculty of Medicine, Nursing and Health Sciences, Peninsula campus.

KEY TEACHING AREAS:

- Biomedical Science
- Health Sciences
- Medicine
- Nursing and Midwifery
- Nutrition and Dietetics
- Occupational Therapy
- Paramedicine
- Physiotherapy
- Psychology
- Public Health
- Radiation Sciences
- Radiography and Medical Imaging
- Speech Pathology

TEACHING AND LEARNING FACILITIES

Our cutting-edge facilities feature the **Biomedical Learning and Teaching building**, a central hub for undergraduate students learning biomedical sciences. This facility seamlessly integrates practical and informal learning spaces, providing a unified location for academic exploration.

Additionally, our Clayton campus is home to Australia's first specialist heart hospital – the **Victorian Heart Hospital**. This ground breaking institution signifies a new era of integrated heart research and clinical excellence in Australia. Under one roof, patients have access to world-leading cardiac care, supported by pioneering research led by Monash University's Victorian Heart Institute.

We utilise a bench-to-bedside model for our students from the first day they step into our classrooms, where students learn from teaching staff who are embedded in clinical and world-leading research.

PROFESSIONAL ACCREDITATION

We offer industry-accredited entry-to-practice qualifications as direct-entry from high school for medicine, nursing and midwifery, occupational therapy, physiotherapy, paramedicine, and radiography and medical imaging.

SCHOLARS PROGRAM

Our courses in biomedical science, nursing and nutrition science offer a Scholars Program for high achievers. The Scholars Program will offer you the opportunity to be mentored by our senior students and leading researchers.

INDUSTRY EXPERIENCE

We partner with leading healthcare providers and industry leaders to equip you for a successful career in health.

4 This is only applicable if you have not satisfied the English requirement; you're required to complete a Monash-approved English test such as IELTS (Academic), Internet Based TOEFL or Pearson Test of English (Academic).
Other English tests may also be accepted and are assessed when you apply to Monash.
5 High achieving students may qualify for the Scholars program where higher entry requirements apply, see our website for more details.
6 Only available with select Engineering specialisations.
7 Other rules apply to comply with the Australian Health Practitioner Regulation Agency registration standards and English language requirements. Further information is available at monash.edu/study
8 Semester 2 intake is only applicable to students who have completed units which meet the semester one course requirements (in addition to the standard entry requirements).

For full course details visit our website, monash.edu/study

PHARMACY AND PHARMACEUTICAL SCIENCES

RANKED
NO.1 IN AUSTRALIA
AND NO.4 IN THE WORLD¹

Our pharmacy degree will prepare you to be a medicines expert and work on the frontline of modern patient care. Our pharmaceutical science programs provide expertise in the drug discovery pipeline, preparing you for a career in drug discovery, development and allied industries.

Study as part of a close-knit community at our specialist campus located in Australia's premier health and biomedical precinct in Parkville.

INDUSTRY EXPERIENCE

Pharmacy students undertake industry placements from early in their course, and those studying the Bachelor of Pharmacy (Honours)/Master of Pharmacy complete a paid internship during their final year.

Pharmaceutical science students have the opportunity to undertake a research or industry placement, or a Monash Flagship Rich Experience.

SCHOLARS PROGRAM

We offer a Scholars Program for high achievers. This provides exclusive learning opportunities, such as seminars and an invitation to an annual Dean's event. When you successfully complete your degree, your award will reflect your Scholars Program².

UNDERGRADUATE COURSE
OFFERING

PHARMACY COURSE HIGHLIGHTS

- Pharmacists are in demand. The majority of international graduates find full-time employment shortly after completing their studies³.
- We were the first university in Australia to introduce a double bachelor and master degree where the fifth year incorporates a paid internship.
- International students can choose to exit the program after four years with the Bachelor of Pharmacy (Honours) and return home to complete their registration requirements, or they can stay with us and complete their master's while earning a salary as an intern.

PHARMACEUTICAL SCIENCE HIGHLIGHTS

- Pharmaceutical Science equips you with the skills to research and develop new medicines, preparing you for careers in the global pharmaceutical sector. Further, the skills you'll learn will enable you to work in a wide range of chemistry-related industries, including skincare, coatings, agriculture and food science.
- Our courses provide extensive lab time and expert training on industry-standard instrumentation.
- Victoria is a global hub for biomedical research, medical technology and pharmaceutical manufacturing. With companies such as CSL, Pfizer, Novartis, Merck, Bristol Myers Squibb and GSK located in Victoria, there's strong demand for pharmaceutical science graduates.

SCIENCE

SCIENCE

Studying science at Monash gives you the opportunity to learn from leading experts who are at the forefront of teaching and research in pure and applied sciences.

You'll develop academically and personally in a dynamic and stimulating environment, with access to brilliant minds, exceptional new facilities and dedicated spaces.

WHY STUDY SCIENCE AT MONASH?

Monash has one of the most flexible science degrees in Australia, allowing you to tailor programs to your specific interest. You can study subjects across the scientific spectrum and even take units from other areas, such as arts, music and business. Additionally, you could combine your science course with another interest area, perhaps graduating with a double degree with 10 double degree combinations offered (only applicable with the Bachelor of Science).

INDUSTRY EXPERIENCE

- We provide career coaching and guidance to prepare you for the world after university.
- Build your professional experience with an internship or project. A science industry internship will give you real-world experience and count as credit towards your degree
 - Our 'Career skills for scientists' unit uses work related activities to enhance valuable skills such as commercial awareness, leadership, teamwork and communication.

FACILITIES

More than \$200 million has been invested in recent years to transform the Clayton-based Science Faculty into one of the leading science precincts in the southern hemisphere.

- Science student learning lounge
- Earth sciences garden
- Jock Marshall reserve
- Green chemical futures building
- Physics and astronomy collaborative learning environment (pace)
- New Horizons research centre
- Maths Learning Centre
- The Hutton-Westfold observatory.

PREREQUISITE SUBJECT LEVELS

All undergraduate courses require you to have previously studied and achieved required Australian level standards in specific subjects known as prerequisite subjects. Different prerequisite subject levels apply to each undergraduate course and can be located on the course-specific pages (12-37) of this guide.

For any English prerequisite, you can meet this requirement by completing an approved English subject. The table below outlines approved English subjects for common global qualifications.

ENGLISH			
■ Level 1 – English (Australian Year 12 equivalent)		■ Level 2 – Higher score in English (Australian Year 12 equivalent)	
VCE			
Units 3 and 4: a study score of at least 25 ¹ in English (EAL) or 25 in English other than EAL		Units 3 and 4: a study score of at least 35 in English (EAL) or 30 in English other than EAL	
IB			
At least 4 in one of the following SL subjects: • English A: Literature • English A: Language and Literature • Literature and Performance, <i>OR</i> At least 3 in one of the following HL subjects: • English A: Literature • English A: Language and Literature, <i>OR</i>	At least 5 in one of the following SL subjects: • English AB • English B, <i>OR</i> At least 4 in the following HL subject: • English B	At least 5 in one of the following SL subjects: • English A: Literature, or • English A: Language and Literature • Literature and Performance, <i>OR</i> At least 4 in one of the following HL subjects: • English A: Literature • English A: Language and Literature, <i>OR</i>	At least 6 in one of the following SL subjects: • English AB • English B, <i>OR</i> At least 5 in the following HL subject: • English B
GCE A Levels			
C grade or score of 4 in one of the following IGCSE subjects: • Literature in English • Literature (English) • English Literature • Cambridge First Language English 0522/0627/0990 • World Literature • English Language • English Language A • English Language B, <i>OR</i> B grade or score of 5 in IGCSE English as a Second Language, <i>OR</i> C grade in Cambridge IGCSE First Language English 0500 with a grade 3 or lower in Speaking and Listening, <i>OR</i> C grade or score of 4 in one of the following GCSE/GCE O Level subjects: • English Language • Literature in English • English Literature • English • English Language (Syllabus B)	C grade in one of the following GCE AS Level subjects: • General Paper • General Studies • English General Paper • English language • Language and Literature in English (previously known as Language and Literature) • Literature in English • English Literature • English Language and Literature, <i>OR</i> E grade in one of the following GCE A Level subjects: • General Studies • English General Paper • English language • Literature in English • English Language and Literature • English Literature, <i>OR</i> • GCE A Level English Rich subject²	B grade or score of 5 in one of the following IGCSE subjects: • Literature in English • Literature (English) • English Literature • Cambridge First Language English 0522/0627/0990 • World Literature • English Language • English Language A • English Language B, <i>OR</i> A grade or score of 7 in IGCSE English as a Second Language, <i>OR</i> B grade in Cambridge IGCSE First Language English 0500 with a grade 2 or lower in Speaking and Listening, <i>OR</i> B grade or score of 5 in one of the following GCSE/GCE O Level subjects: • English Language • Literature in English • English Literature • English • English Language (Syllabus B)	B grade in one of the following GCE AS Level subjects: • General Paper • General Studies • English General Paper • English language • Language and Literature in English (previously known as Language and Literature) • Literature in English • English Literature • English Language and Literature, <i>OR</i> D grade in one of the following GCE A Level subjects: • General Studies • English General Paper • English language • Literature in English • English Language and Literature • English Literature, <i>OR</i> • GCE A Level English Rich subject²

ASSUMED KNOWLEDGE

Some undergraduate courses require you to have prior knowledge in maths and/or science to prepare you to succeed in your studies at Monash University. If you have completed an:

- Australian Year 12 or International Baccalaureate Diploma Programme**
You'll be required to meet the maths and/or science prerequisite level requirements for your preferred course as specified in the table below. The maths and/or science levels for each course can be located on the course specific pages (12-37) of this guide under 'assumed knowledge'.
- Monash approved international senior secondary qualification (or higher qualification) with maths and/or science at the required level**
It will be assumed that you have reached the level of knowledge equivalent to the Australian Year 12 (i.e. VCE equivalent) prerequisite required for your preferred course. To support your preparation for your studies, we strongly recommend that you strengthen your knowledge in the relevant areas by completing specific online maths and/or science activities on our website at **monash.edu/study/assumed-knowledge** and before you commence your studies at Monash University. These guidelines do not apply to Bachelor of Medical Science and Doctor of Medicine.

MATHS		Science	
■ Level 1 ^{1,2} Mathematics (Australian Year 11 equivalent)	■ Level 2 ² Mathematics (Australian Year 12 equivalent)	■ Level 3 Higher level mathematics (Australian Year 12 equivalent)	■ Science (Australian Year 12 equivalent)
AUSTRALIAN YEAR 12			
VCE: Units 1 AND 2: Satisfactory completion in 2 units (any study combination) of General Mathematics or, Mathematical Methods or Specialist Mathematics, or Australian interstate equivalent.	VCE Units 3 AND 4: a study score of at least 22 in Mathematical Methods or Specialist Mathematics, or a score of at least 25 in General Mathematics, or Australian interstate equivalent.	VCE: Units 3 and 4: a study score of at least 25 in one of Mathematical Methods or Specialist Mathematics, or Australian interstate equivalent.	VCE: Units 3 and 4: a study score of at least 25 in one of Biology, Chemistry, Environmental Science, Geography, Mathematical Methods, Specialist Mathematics, Physics or Psychology, or Australian interstate equivalent, unless otherwise stated.
INTERNATIONAL BACCALAUREATE (IB) DIPLOMA PROGRAMME			
At least 3 in any mathematics subject at SL or HL level.	At least of 4 in the following SL subject: Mathematics: Application and Interpretations	At least 4 in the following SL subject: - Mathematics: Analysis and Approaches, <i>OR</i> At least 3 in the following HL subjects: - Mathematics: Applications and Interpretations, or - Mathematics: Analysis and Approaches.	At least 4 at SL or 3 at HL in Biology, Chemistry, Environmental Systems and Societies (SL only), Geography, Mathematics: Analysis and Approaches, Mathematics: Applications and Interpretations (HL only), Physics or Psychology, unless otherwise stated.

1 This applies to all courses except the Bachelor of Education (Honours) and associated double degrees, the Bachelor of Occupational Therapy (Honours), and the Bachelor of Paramedicine, where a study score of at least 30 in English (EAL) or 25 in English other than EAL is required.

2 The acceptance of English Rich subjects is subject to faculty approval (other guidelines also apply).

3 Monash University does not accept SAT Subject Test in Literature as meeting English prerequisite requirements.

1 Maths subjects listed in the Level 2 and Level 3 columns can also be used to satisfy Level 1 maths prerequisite requirements.

2 Maths subjects listed in the Level 3 column can also be used to satisfy Level 1 and Level 2 maths prerequisite requirements.

ENTRY REQUIREMENTS

When you apply to Monash University for an undergraduate course, you must satisfy all of the following requirements:

1 MINIMUM AGE REQUIREMENTS: You must be at least 17 years of age to enrol in an undergraduate course. Some exemptions may apply. Visit monash.edu/admissions/age-requirements.

2 ACADEMIC ENTRY REQUIREMENTS: All undergraduate courses require you to have successfully completed a minimum of an Australian Year 12 qualification (or equivalent) and achieve the required academic entry score. Pages 12-37 of this guide outline the academic entry scores for the listed qualifications that apply to each undergraduate course that applies to international students only. Full details on 'how to calculate your entry score' for each qualification can be located on our website. If your qualification is not listed in this guide refer to monash.edu/study/courses/find-a-course.

3 ENGLISH ENTRY REQUIREMENTS: All undergraduate courses require you to satisfy English entry requirements where different entry levels apply. The measure of English must be completed within three years prior to the Monash course commencement date (other guidelines may apply).

- English entry requirements can be met in one of the following ways:
- English subject (Australian Year 12 equivalent):** You can meet English entry requirements if you've completed an English subject that is equivalent to an Australian Year 12 level, and meet the required score. Approved English subjects for common qualifications are outlined in the prerequisite table on pages 38-39.
 - Language of instruction:** You can meet English entry requirements if you've completed half a year of full-time study (equivalent to 24 Monash credit points) at Australian VET Diploma (AQF level 5) or higher (or equivalent) at an institution where English is the language of instruction, communication and assessment for all aspects of study for the whole of the educational institution.
 - English tests:** Monash accepts the following English tests as satisfying English entry requirements:
 - IELTS (Academic): www.ielts.org
 - TOEFL (internet based): www.ets.org
 - Pearson Test of English (Academic): www.pearsonpte.com
 - C1 Advanced and C2 Proficiency: www.cambridgeenglish.orgOther English tests may also be accepted and are assessed when you apply to Monash.
 - Monash English:** If your English test does not meet the English entry requirements, you may want to consider completing Monash English, visit monashcollege.edu.au/study/courses/english.

If you have completed several measures of English proficiency over a period of time, the highest valid measure will be accepted. Monash reserves the right to ask students to undertake a Monash-approved English test to meet English entry requirements. For more information refer to monash.edu/study/admission-procedure.

4 Prerequisite subjects and additional requirements
In addition to meeting English entry requirements, some undergraduate courses may require you to satisfy other prerequisite subjects and additional selection and/or special requirements. Full details for these can be found on our website.

Please note that all entry requirements for Monash University are subject to change.

MONASH UNIVERSITY ENGLISH TEST LEVELS

Each Monash course has an assigned English test level that applies to Monash-approved English tests where the entry scores for each level are specified below.

Monash University English test levels

CA – Caulfield | CI – City | CL – Clayton | D – Docklands | PA – Parkville | PE – Peninsula.

1 Duration is based on a standard full-time load of 24 credit points per trimester.
2 Semester 1 commences in February and Semester 2 commences in August. Please note that Diplomas operate on a Trimester basis. Trimester 1=February, Trimester 2=June, Trimester 3=October.

3 These are the confirmed 2025 tuition fees; indicative only for 2026: Fees are quoted in Australian dollars, and is the annual average fee per 48 credit points of study in this course. Fees are adjusted annually. For Foundation year fees, please see monashcollege.edu.au/courses/ty/dates-fees. For Diploma fees, please see monash.edu/study

4 VCE Units 3&4: a score of 23 in any English (or equivalent).

5 Science approved list: **VCE:** Biology, Chemistry, Environmental Science, Geography, Mathematical Methods, Specialist Mathematics, Physics or Psychology. **IB (SL or HL):** Biology, Chemistry, Environmental Systems and Societies (SL only), Geography, Mathematics, General Mathematics (HL only), Mathematics: Analysis and Approaches, Mathematics: Applications and Interpretations (HL only), Physics or Psychology.

6 The architectural design stream is only available in the following intakes: Part 1, June and October. Part 2, February and June.

7 There are specific requirements that apply for either entry into this Diploma program, or completion of the Diploma program, or for entry to a Monash University destination degree through said Diploma program. Please visit monash.edu/study for additional information.

8 Entry requirements into Monash University apply. Please refer to monash.edu/study

APPLICATION PROCESS FOR INTERNATIONAL STUDENTS

BEFORE YOU APPLY

Use monash.edu/study to check:

- minimum age requirements
- academic entry requirements that apply to international students
- English entry requirements
- prerequisite subject requirements
- assumed knowledge and complete online activities to strengthen knowledge (if applicable)
- additional requirements (if applicable)
- special requirements (see course handbook handbook.monash.edu)
- application deadlines
- start dates
- fees.

WHEN SHOULD YOU APPLY?

Apply online as early as possible as some courses may close a few months or a year before the course start date. This allows time for your application to be processed and can help to secure a place if your preferred course has limited places. Applying early also gives you time to get your student visa, which can take up to six months for some nationalities and countries.

WHEN TO APPLY THROUGH VTAC

International students who are undertaking an Australian Year 12 qualification in Australia or overseas, IB Diploma Programme in Australia or New Zealand, or National Certificate of Educational Achievement (NCEA) Level 3 in New Zealand, must apply through the Victorian Tertiary Admissions Centre (VTAC), visit www.vtac.edu.au.

APPLY FOR CREDIT

To apply for credit visit monash.edu/admissions/credit.

DEFER YOUR STUDIES

Monash generally allows deferment of study up to a maximum of twelve months, or longer in exceptional circumstances. If you decide to delay your course commencement, send your deferral request to mu.documents@monash.edu.

Other guidelines apply, visit: monash.edu/defer

NEED HELP WITH YOUR APPLICATION?

If you're applying through a Monash agent contact them for assistance. Some Monash agents may charge a fee for additional services. For a list of Monash agents visit, monash.edu/study/agents-database.

APPLICATION PROCESS

- 1 Apply online:** Apply for your preferred course at monash.edu/admissions/apply/online. You'll also need to provide additional documents to support your application that may require certification and/or translation, visit go.monash.edu/certifying-documents.
- 2 Your application is assessed:** We determine whether you've met the University entry requirements, and if successful you'll receive an offer known as an International Student Course Agreement (ISCA). Monash also checks whether you're a genuine student seeking entry to Australia to study, visit monash.edu/study/visa-requirements
- 3 Accept your offer:** Follow the instructions in your ISCA. You must complete, sign and return all pages in Part A of your ISCA, along with payment and provide a copy of the personal details page of your passport to Admissions BEFORE the offer lapse date.
- 4 Receive a Confirmation of Enrolment (CoE) and enrol online:** Once your acceptance has been processed, you'll receive an electronic CoE and an invitation to set up your Monash account to enrol in your course online. You'll need to plan your course and enrol early so that you can get the best possible start.
- 5 Arrange your student visa:** You'll need the CoE to apply for your student visa with the Department of Home Affairs (DHA) for study in Australia¹. When applying for your student visa, you'll need to meet all core visa criteria, such as the genuine student requirement, good character and health criteria. Financial capacity documentation may also be required. You'll also need to satisfy English requirements set by DHA where these requirements may differ from Monash.

If you're under 18 years of age when you start your course, you need to have your caregiver and accommodation arrangements approved before applying for your student visa, visit monash.edu/students/under-18.

For more information visit:
monash.edu/study/visa-requirements
monash.edu/connect/student-visa
- 6 Planning your arrival:** Participate in the pre-arrival briefing, book your airport reception, research your accommodation options, and attend Orientation week. Use a checklist to ensure you've completed essential tasks before you start your course at Monash.

for more information on our application process

FEES

To study at Monash University, you'll need to pay tuition fees to the University. As an international student, you'll be charged full fees. Tuition fees vary depending on the course and the year of commencement. All tuition fees and course durations specified in this guide are in Australian dollars and only apply to courses studied at Australian campuses. The tuition fees quoted are for 48 credit points and are applicable to courses commencing in 2025. Tuition fees for courses commencing in 2026 will be different. Monash University reserves the right to adjust the annual tuition fees in future years of your course. Any adjustment will be applied on the first day of January each year for teaching periods with a census date thereafter.

monash.edu/scholarships-fees

OVERSEAS STUDENT HEALTH COVER

It's a condition of the Student Visa (subclass 500) that you must hold Overseas Student Health Cover (OSHC) for the duration of your stay in Australia. Monash University requires all commencing international students to purchase OSHC for the duration of their visa. If you're accompanied by immediate family to Australia as dependants on your student visa, you'll also need to purchase the visa-length OSHC for them. Your Confirmation of Enrolment (CoE), for student visa purposes, will only be issued:

- once you've accepted your course offer along with payment for OSHC; or
- once you've provided proof of having a valid visa-length OSHC; or
- once you've submitted approved documentation for exemption from payment of OSHC.
