

INTERNATIONAL STUDY GUIDE 2026

University of the
Sunshine Coast
Australia

Welcome to the University of the Sunshine Coast

At the University of the Sunshine Coast (UniSC), we are renowned for our personal approach to teaching, whether it's in class or online. That's why we are consistently rated one of the top universities in Australia for teaching quality and overall student experience.

We offer hands-on learning and flexible study options across more than 120 programs, at a network of teaching locations from Moreton Bay, just north of Brisbane, to the famous Fraser Coast. Since 1996, we have supported more than 38,000 graduates achieve their educational and career goals.

As all our programs include practical training or internships and focus on the core skills students need to succeed in the future workplace, we are considered one of the best universities in Australia for employer satisfaction with graduates.

Our students learn from some of the most highly regarded experts in their fields, who are nationally awarded and regularly recognised for excellence in learning and teaching.

UniSC students come from diverse backgrounds but share the same goals: to discover their future path, to become the best they can be, and to make their mark on the world.

We look forward to helping you discover the world of opportunities that await.

A handwritten signature in black ink, appearing to read 'Helen Bartlett'.

Professor Helen Bartlett | Vice-Chancellor and President

Join us at UniSC and build your future, the way you want it

We're a young, fresh university driven by an unwavering belief that community and culture are just as important as a world-class education, delivered by world-class educators.

We may not be the largest university, but we're growing every day, and making a big difference. Like ground-breaking research, championing sustainability, and producing award-winning alumni.

Our first campus on the Sunshine Coast opened its doors in 1996. Today, we span five campuses across South East Queensland.

Being a young university means you're never going to be limited by stale traditions or phrases like "That's the way we've always done it". We prefer innovative thinking that moves everyone forward.

Our students have ranked UniSC as one of the best universities in Australia, and number one in Queensland, for teaching quality.

UniSC has 26 speciality teaching and research areas including environmental sciences, nursing, medical and mental health sciences, biological sciences, engineering, technology, psychology, agriculture, human studies and communication.

Together with our people, community and partners, we're building a safe, sustainable, supportive, and fun learning environment, where lifelong friends are made, and opportunities are earned.

Why choose UniSC?

Student experience

We're rated as one of Australia's best universities for overall student experience.

World leader in sustainability

Sustainability has been, and always will be, our priority. That's why we're ranked in the top 3 percent for Climate Action by THE Impact Rankings 2025.

Student support

We're here to support you at each step of your university journey. UniSC students have access to a range of support and well-being services.

High Performance Sport

We encourage and support high achievers through initiatives such as the UniSC High Performance Sport Program, which helps athletes achieve sporting and academic excellence.

World-class research

Recognised as world standard or above for 26 fields of research by the ERA rankings.

We are a UNESCO Biosphere

UniSC is the world's only university operating within three UNESCO Biosphere Reserves and a UNESCO World Heritage Site. This grants us a unique opportunity to capitalise on the wealth of significant environmental treasures surrounding us, as we continuously work to champion sustainability.

We're changing the way universities do energy. Clean energy is more than just a lesson at UniSC — it's how we power our largest campus. To embrace Australia's ample sunshine, we've installed 6,000+ solar panels to power a "water battery". This action will cut our energy use by 40 percent — a first for an Australian university.

As a university of change makers, we're committed to creating a better tomorrow, and are proud to see this reflected in everything we do. We're thrilled to be recognised as Queensland's highest-ranked university for Overall Impact in the 2025 Times Higher Education Impact Rankings, and Queensland's number one university for Overall Educational Experience, Teaching Quality and Student Support by the Good Universities Guide in 2025.

Our research

We know that the actions we take today shape the world we live in tomorrow.

Across our campuses, the next generation of researchers are tackling real-world challenges. They are exploring human behaviour, work and society; creating better outcomes for health and wellbeing; advancing our understanding of ecology and the environment; and making agriculture, aquaculture and forestry more sustainable.

Read more about our research on page 16, or scan the QR code to visit unisc.edu.au/research

Industry connections and partnerships

The Sunshine Coast has an important role to play as we head towards the 2032 Summer Olympic and Paralympic Games in Brisbane.

With the Sunshine Coast International Broadband Network now up and running, the region is well-positioned to connect with global markets, boosting smart city capability and linking industry to vital data networks.

UniSC partners with a wide range of industries to give students opportunities to gain real-world experience through Work Integrated Learning (WIL) or industry certification courses as part of their program.

Ingram Micro

Ingram Micro (IM) Cloud's internship program with UniSC enhances the employability of entry-level technology associates by providing valuable work experience that complement their degree. By keeping diversity at the heart of their organisation, this pathway creates more opportunities for students from diverse backgrounds with multilingual skills to gain on-the-job IT experience.

Haven XR

A virtual reality studio is putting down roots at UniSC in a pioneering industry partnership. HavenXR will base its full-scale studio at the Sunshine Coast campus, ensuring their expertise and "regenerative design ethos" are accessible to students, while tapping into the university's latest research for their location-based virtual reality (VR) products.

Microsoft

The UniSC partnership with Microsoft provides ICT students with industry experience during their degree. Students can earn certifications as part of their course at no added cost. This relationship gives students the best chance at securing a job in their chosen field of study.

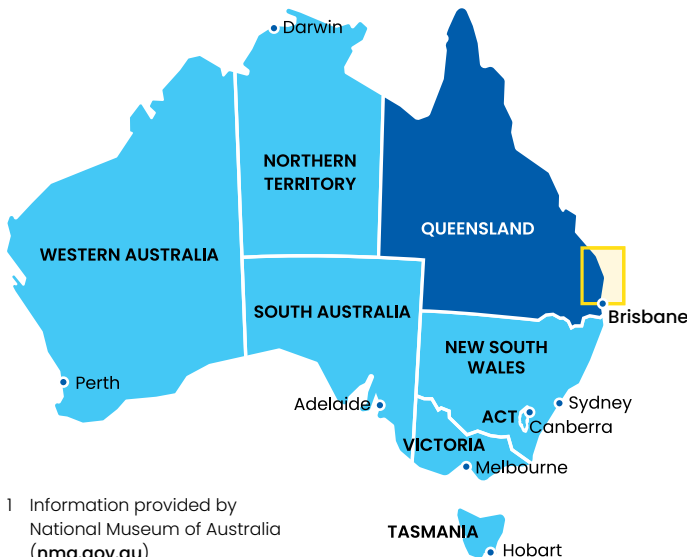

Comlink

UniSC and community care provider Comlink Australia have partnered to provide more regional pathways to employment for Queensland-based university students. Serving over 5,000 clients across various regions in Queensland, students will have access to practical, hands-on experience in the aged care sector and help meet the growing demand for skilled workers in this field.

Live and study in Queensland

The benefits of living and studying in Queensland are many, and include:

- **7,000km of coastline:**
You can take part in some of Australia's favourite water sports, like surfing, paddle-boarding and kite surfing.
- **200 national parks:**
Explore Queensland's natural diversity, from rainforests to our famous beaches.
- **Over 300 days of sunshine a year:**
We have one of the most enviable climates in Australia with an average of seven hours of sunshine, 300 days per year, and an average temperature of 25.5 degrees Celsius (72.5 Fahrenheit).
- **3.8 million people:**
Living in South East Queensland, with all the benefits of a metropolitan area – shopping, food, culture, theatres, museums and nightlife.
- **65,000 years of history:** Australia's Aboriginal and Torres Strait Islander cultures are among the oldest in the world. Queensland offers plenty of opportunities to experience their history and traditional practices.¹
- **5 world heritage areas:** Including K'gari and the Great Barrier Reef.

UniSC Sunshine Coast

📍 90 Sippy Downs Drive, Sippy Downs

UniSC's main campus is in Sippy Downs, right in the heart of the Sunshine Coast, on a beautiful, 100-hectare wildlife reserve that's home to many Australian native birds and animals.

UniSC Sunshine Coast is close to stunning beaches, numerous shopping centres and eateries, and is home to some of the most innovative learning and visualisation facilities in Australia.

These include a A\$37m Engineering Learning Hub with a 3D CAVE2™ visualisation studio, simulated nursing and paramedic labs, specialised computer, science, manufacturing and design labs, sport science labs, and a range of interactive digital learning spaces.

Students also have access to the award-winning UniSC Library (24/7) and Art Gallery, modern teaching and study spaces, a community garden, and a space for multi-faith prayer and quiet reflection.

If sport is your passion, you'll be in the right place. UniSC Sunshine Coast is a world-class sporting destination with nationally-accredited facilities. The High Performance Sport precinct includes an aquatic centre with a 50-metre Olympic standard swimming pool, six-lane 25-metre pool, cold immersion and warm plunge pool and aquatic recovery equipment. It also features an athletics track, playing fields, courts, and a fully equipped gym. The 3,000-seat indoor UniSC Stadium is home to the premiership-winning Sunshine Coast Lightning netball team.

There is regulated and free parking near campus, as well as public transport options, with the UniSC bus stop and secure bike stations.

UniSC Moreton Bay

📍 1 Moreton Parade, Petrie

Opened in 2020, UniSC's newest campus is located in Petrie, and is part of 'The Mill at Moreton Bay'.

One of the fastest growing regions in Australia, Moreton Bay is a vibrant civic, cultural and business precinct offering a wide range of industry experiences for students.

The new campus includes:

- a 460-seat capacity lecture theatre
- \$15 million worth of state-of-the-art technology
- nursing simulation labs
- a 120-capacity superlab for chemical experiments
- specialist engineering labs designed for cross-discipline collaboration
- dedicated student study spaces with 24/7 library access

UniSC Moreton Bay offers more than 80 undergraduate and postgraduate degrees in areas such as Business, Engineering, Nursing, Education, Psychology and Computer Science.

UniSC Moreton Bay is quickly becoming our Engineering Hub, offering a range of undergraduate and postgraduate programs within Civil, Electrical and Electronic, Mechanical, Mechatronic and Renewable Energy Engineering.

The campus offers:

- easy access to Petrie Train Station, which connects to Brisbane via a 30 minute express train
- state-of-the-art equipment and technology
- ample study spaces and break-out zones
- free carpark and paid student parking

Take a virtual tour of our Moreton Bay campus:
unisc.edu.au/moretonbay

UniSC Fraser Coast

📍 161 Old Maryborough Road, Hervey Bay

Choose to study in the heart of beautiful Hervey Bay, with easy access to UniSC's K'gari Research Station.

The campus is located in the central business district, close to local shops and cafés, and just a few minutes from the quiet bayside beaches. It offers a great balance between study and laidback Queensland life, along with access to all UniSC student services including academic and study support, IT and library services, counselling, health and wellbeing support, Indigenous Services and more.

UniSC Fraser Coast is equipped with interactive learning technologies, simulated nursing wards, specialist science laboratories, a Makerspace, collaborative study areas, and computer labs. The campus offers undergraduate programs in Animal Ecology, Business, Science, Nursing, Social Work and Education.

Take a virtual tour of our Fraser Coast campus:
unisc.edu.au/fraser-coast

You can study first-year courses from a range of other UniSC programs at UniSC Fraser Coast, then choose to complete your degree at UniSC Sunshine Coast. UniSC Fraser Coast offers:

- direct access to UniSC's K'gari Research Station
- a short walk to Hervey Bay CBD and bayside beaches
- regular bus services between campus and all major shopping centres and suburbs of Hervey Bay and Maryborough
- easy access by car and bicycle
- an on-campus Cafe and other support services

UniSC Fraser Coast is located near a UNESCO World Heritage site with direct access to the K'gari Research Station. This provides a unique opportunity for students to live and study in an area with a strong focus on animal ecology and the environment.

UniSC Caboolture

📍 80-106 Tallon Street, Caboolture

Offering the best of both worlds, this campus is conveniently located about halfway between the Sunshine Coast and Brisbane City.

UniSC Caboolture provides a hands-on campus experience with collaborative learning spaces, interactive technologies, computer labs, student common rooms, sporting facilities and a campus library.

The campus also features the Health Learning and Simulation Centre, where nursing students build practical skills and work with industry-standard equipment in a simulated hospital environment.

UniSC Caboolture provides all UniSC student services, including academic and study support, library and IT services, counselling, and health and wellbeing support.

The campus offers:

- proximity to the thriving Moreton Bay region and strong industry connections
- a central location, 25km north of UniSC Moreton Bay and 50km south of UniSC Sunshine Coast
- a library, student common rooms and an on-campus bookshop
- easy access by public transport, including bus and train
- free on-campus student parking

Complementing its collaborative learning environment, UniSC Caboolture features specialised nursing simulation facilities and offers placement opportunities with industry partners such as Comlink.

Take a virtual tour of our
Caboolture campus:
unisc.edu.au/caboolture

UniSC Gympie

📍 71 Cartwright Road, Gympie

You can find UniSC Gympie nestled among beautiful natural surrounds.

The Gympie region (population 50,000) sits on the doorstep of the World Heritage-listed K'gari Island and the Great Barrier Reef. Located two hours from Brisbane and 30 minutes from Noosa, the area is home to an abundance of state and national parks and is part of the Great Sandy Biosphere.

Campus facilities include interactive learning technologies, collaborative study areas and computer labs. UniSC Gympie also provides all UniSC student services, including academic and study support, library and IT services, counselling, health and wellbeing support, Indigenous Services and more.

Additional features include:

- access to the World Heritage listed K'gari Island and Great Barrier Reef
- simulated learning spaces
- new study and break-out spaces
- computer access
- 24/7 access to library collections

Students at UniSC Gympie can study Nursing Science and gain practical placement experience with industry partners such as Comlink.

Take a virtual tour of our Gympie campus:
unisc.edu.au/gympie

Research

1st in Queensland
for 'Overall Impact'¹

7th globally
for 'Life on Land'¹

5th in Australia
for 'Life below Water'¹

We know the actions made today will have a huge effect on the world we live in tomorrow.

Across our campuses, the next generation of researchers are exploring human behaviour, work and society. Creating better outcomes for health and wellbeing. Advancing our understanding of ecology and environment. And helping make agriculture, aquaculture and forestry more sustainable.

Implementing changes that make a big difference to lives and communities here at home, across the Pacific and around the globe. And ultimately, bringing about real impact and positive change that helps move everyone forward.

Health, medicine and well-being

UniSC research is improving the quality of human life around the world. Teams are tackling disease, improving our understanding of the effects of ageing, and finding new ways to address mental health challenges. Clinical trials bring new discoveries and medical breakthroughs more quickly to those who need them, with life-changing impacts.

Agriculture, aquaculture and forestry

Ensuring our natural landscapes are used responsibly and sustainably is one of our highest priorities. UniSC research is creating a sustainable future, impacting how forests and aquatic environments are managed, protected and best utilised in Australia and around the world. Our research examines how to effectively balance economic and environmental outcomes.

Ecology and environment

Understanding our world and how we interact with it, allows us to create a better and more sustainable future. From forest to ocean floor, UniSC research is making new discoveries and providing solutions for environmental and ecological challenges worldwide. UniSC is ranked among the world's best for our commitment to sustainable development.

Thompson Institute

A world-class facility for mental health and neurological research, teaching, advocacy and clinical services. Located in Birtinya, the institute is approximately a 15-minute drive by car from the main UniSC Sunshine Coast campus. Students studying either the Master of Psychology (Clinical) or Master of Professional Psychology will be based at this location.

Human behaviour, work and society

Better understanding of individual, organisational and societal behaviour, brings innovations and discoveries that can create a brighter and more sustainable future for us all. UniSC researchers are advancing new ways to deter dangerous and criminal behaviour, designing more sustainable urban environments, and finding opportunities to optimise and manage complex systems and behaviour in workplaces and communities.

Research highlight

Dr Romane Cristescu

PhD UNSW, MSc University of Tours, France. Post Doctoral Research Fellow.

Dr Romane Cristescu is Director of Detection Dogs for Conservation at UniSC. She is a conservation ecologist with a wide range of interests – all centred around this single and complex question: “how can we best help wildlife in a world dominated by humans?”

During the past decade Romane and her team have been developing detection dog and drone-mounted thermal camera survey methods, non-invasive molecular analyses (genetic, diseases and hormones measured in faeces) and innovative technologies to monitor koala movement – both ear tag and collar based.

Romane believes robust science is necessary to support good decision making, and she is especially keen to test that legislation is grounded in science and effectively delivering conservation outcomes.

Her methodology and legislation work has been specifically focusing on koalas.

Sporting excellence

UniSC is a premier sporting destination with nationally-accredited facilities and works with leading health and sports scientists.

High performance champions train side-by-side with beginners in a supportive sports community that drives excellence. Resident teams at UniSC Sunshine Coast include the Sunshine Coast Lightning (netball), Sunshine Coast Thunder (netball), the Australian Cycling Academy, and UniSC Spartans (swimming).

2032 Olympics

The Sunshine Coast is proud to be a delivery partner of the Brisbane 2032 Olympic and Paralympic Games. The region will be home to four key venues and several exciting sporting events. The marathon, kiteboarding and cycling events will take place around the beautiful Alexandra Headlands; the Kawana Precinct will host football matches; and the Sunshine Coast Athlete Village will be right in the heart of the Maroochydore City Centre. Other events taking place on the Sunshine Coast include basketball and mountain biking.

Student teams and social sport

UniSC offers many student-run sporting clubs and teams from elite to social level. You can represent the UniSC Spartans at the UniSport Nationals and other intervarsity events, or join free social sporting programs. Student sporting clubs and teams include AFL, badminton, basketball, rugby league and even quadball. Learn more at unisc.edu.au/sport

High Performance Sport

UniSC supports athletes and teams at the highest levels of sporting competition. Our rising champions achieve their personal best in sport, competition and study, surrounded by the right expertise, people and facilities. Emerging and world-class sport and exercise scientists use the latest technology and facilities to harness the power of human movement to impact fitness, performance and recovery.

UniSC also offers the High Performance Student Athlete (HPSA) program where students receive:

- Access to UniSC Sport Performance Clinic Services
- Complimentary use of UniSC's sport and fitness facilities
- Access to the High Performance Student Athlete Lounge
- 12-month UniSC Gym membership
- Sports Science testing laboratories
- UniSC High Performance Student Athlete merch

As well as the above services, students can access personal development opportunities and tailored academic and career support.

Learn more about the HPSA program at UniSC by scanning the QR code

unisc.edu.au/hpsa

UniSC High Performance Student Athlete Program

Facilities at UniSC Sunshine Coast

Sports stadium

The \$24 million sports stadium is the only facility of its kind in the region. It's fully air-conditioned, and seats 3,000 spectators with national standard facilities for netball, basketball, futsal, hockey and badminton.

Aquatic

UniSC Sunshine Coast has an Olympic-standard, 10-lane, 50-metre heated pool, a six-lane 25-metre pool, cold immersion and warm plunge pool and aquatic recovery equipment. The elite training ground is used year-round by recreational swimmers and Olympic and Paralympic champions alike.

Gyms

Two fully-equipped indoor gyms offer the latest equipment including indoor and outdoor functional training zones. Gym instruction caters to all fitness levels from beginner to high-performance athletes.

Track and field

The IAAF-standard athletics track has eight and ten lane running tracks and equipment for hurdles, steeplechase, javelin, shot put, discus, hammer throw, high jump, long jump, triple jump, pole vault and throw events for athletes with disability.

Outdoor courts

UniSC has outdoor hard courts for tennis, basketball and netball. Night lighting is available for after-dark competition.

Playing fields

Multipurpose playing fields for rugby union, rugby league, football, cricket and AFL training are available with lighting for night-time play.

Supporting you on your university journey

There are a number of different support services¹ available to you at UniSC. From study and career support, through to counselling and other student services, you'll have the assistance you need to thrive, and excel in your studies.

Academic and study support

UniSC offers learning resources including online advice, one-to-one support and academic skills workshops.

Health and well-being

Take care of yourself while studying in UniSC's range of health and well-being services.

Careers and employment

Arm yourself with the information and advice you need to get your career heading in the right direction.

Student Success team

The Student Success team can connect you with resources to help you become a more successful student.

Counselling

A free, confidential counselling service with a qualified psychologist is available to all students.

Disability and equity

If your studies are affected by a disability, learning disorder, injury or illness, AccessAbility Services can provide assistance, advocacy and academic support.

¹ Student support services may vary across UniSC campuses. Check individual study locations for more information: unisc.edu.au/about/locations

Orientation and Connect Week

Orientation at UniSC is held the week before the start of each trimester. Orientation is a mix of workshops to help you settle into your studies, and fun activities where you can meet other students and explore the local area. If you're studying online, don't worry, you won't miss out – orientation is also held online.

During orientation, you can get to know your campus, student support services, academic expectations and requirements. These events are a great way to make new friends and begin your Australian study experience. There's also live music, entertainment, and information about UniSC's sporting teams, interest groups and other activities.

The UniSC Student Guild also hosts events and activities which give students an opportunity to connect with fellow students to make the most of their time at UniSC.

Students starting in a session have their own, smaller orientations. The dates for these are available closer to the start of the study period.

Attend student life events

Make sure you check out the social activities happening during orientation – it's a great way to connect, build friendships and learn about UniSC life. You don't need to book in for these activities, just show up and get involved in student life at UniSC.

Previous events have included:

- Welcome to Country by our traditional custodians
- campus tours
- student clubs and sports
- Market Day activities

Study Sunshine Coast

Study Sunshine Coast offers numerous support services, workshops, programs and scholarships to students, helping to cement the Sunshine Coast's reputation as a leading Australian study destination and proving it's the place to live, learn and kickstart your future.

Find out more about Study Sunshine Coast at studysunshinecoast.com.au

Explore our academic calendar here: unisc.edu.au/calendars

Accommodation

Finding a comfortable place to live is an important part of preparing for university life. Make sure you organise your short or long-term accommodation before you arrive, so you have the security of knowing where you'll stay.

There are a variety of accommodation options close to UniSC's campuses — whether you'd like to live in a student village, share a house, or find your own place. Once you sign a lease, it can be difficult and costly to change your accommodation, so make sure you read and understand the terms and conditions before committing.

For more information about accommodation at our other campuses, please scan the QR code or visit unisc.edu.au/accommodation

UniSC Sunshine Coast

Students at UniSC Sunshine Coast can choose from a range of accommodation options, including various student housing complexes within walking distance of campus.

There are also a number of other private providers that offer apartment, houses or shared living options, and are located nearby campus.

For those living further away, the on-campus transit centre provides convenient bus services across the Sunshine Coast, with connections to Queensland Rail. Explore accommodation options at unisc.edu.au/accommodation

International students can also contact Study Sunshine Coast for accommodation support and advice at hello@studysunshinecoast.com.au

Sunshine Coast weather and seasons

SUMMER: December to February, 18–30°C, hot, humid and stormy

AUTUMN: March to May, 11–27°C, becoming cooler

WINTER: June to August, 7–22°C, colder temperatures

SPRING: September to November, 10–27°C, becoming warmer

UniSC Moreton Bay and Caboolture

UniSC Moreton Bay is conveniently located adjacent to Petrie train and bus stations, while UniSC Caboolture is a short commute from Caboolture and Morayfield stations.

Both campuses are easily accessible via services linking Brisbane, Caboolture, and the Sunshine Coast.

Once you've chosen your preferred location, explore accommodation options at unisc.edu.au/accommodation

UniSC Fraser Coast and Gympie

Students studying at these campuses can explore private accommodation options available in the surrounding community.

On campus notice boards and student groups can also assist with information or advice for securing accommodation.

Explore private accommodation and homestay style options on the UniSC website at unisc.edu.au/accommodation

For assistance planning your travel or exploring where to live, use the Translink Journey Planner:

jp.translink.com.au/plan-your-journey/journey-planner

Other accommodation

All UniSC campuses are close to suburbs where off-campus housing is easy to find. If you'd prefer to rent a house, apartment, or townhouse, you can browse listings through websites such as:

- flatmates.com
- domain.com.au
- realestate.com.au
- easyroommate.com.au

If you're planning to live in Brisbane and commute to one of our campuses, there are also plenty of options available, however it is important to understand travel distance and time.

Study Sunshine Coast

Study Sunshine Coast is the official industry body dedicated to enhancing the student experience in our region. The Sunshine Coast offers diverse study and career opportunities, an innovative and entrepreneurial ecosystem, a strong job market, stunning natural surrounds, and a welcoming, safe community.

As the region's peak body for students, Study Sunshine Coast serves as a central hub for information and support across all educational opportunities.

Please note:

The University of the Sunshine Coast doesn't provide accommodation or screen information, nor does it act as an agent in the provision of accommodation information. It's your responsibility to determine whether the housing arrangements are suitable. Any person utilising third party information, such as the privately owned accommodation provider information, is advised to read UniSC's Disclaimer unisc.edu.au/disclaimer

Living costs

An international student at UniSC would need approximately A\$450 to A\$550 per week to live comfortably in South East Queensland.¹

This covers typical accommodation costs, food, transport and other daily life expenses. This amount is in addition to airfares, visa application, health cover and tuition fees and will vary depending on your lifestyle and preferences. Find out more about living expenses by scanning the QR code or visiting unisc.edu.au/living-costs

Expenses ²	Approximate cost
Private share accommodation	A\$150–\$300+ (per week)
Homestay accommodation (includes some meals)	A\$235–\$325+ (per week)
Food	A\$100+ (per week)
Gas, electricity	A\$50–\$150 (per week)
Telephone (depending on number and operator)	A\$10–\$20 (per week)
Transport	A\$20–\$55 (per week)

¹ Prices vary depending on individual circumstances and study location.

² Food costs are approximate only, taken from a local supermarket website and are current at the time of publishing. Other costs are based on approximate estimates from *Study Australia* at time of publishing.

Study Queensland

Study Queensland has a calculator designed to help you discover how much it would cost to have the lifestyle you want in Australia. You can choose your city of study, choose the type of accommodation, and much more. You can also compare accommodation arrangements, transportation options, and entertainment activities. To use the calculator, scan the QR code or head to: costofliving.studyqueensland.qld.gov.au

Other study costs

Overseas Student Health Cover (OSHC)

OSHC is a mandatory requirement for most international students studying in Australia on a Student visa, and must cover the duration of your studies.

The cost of OSHC varies depending on the type of cover (single, couple/single parent or family) and the duration of your studies. This cost is separate to your tuition fees.

UniSC's preferred provider is Medibank. You can explore the benefits and pricing of Medibank's Comprehensive OSHC policy at [medibank.com.au](https://www.medibank.com.au)

Textbooks and study materials

In addition to everyday living expenses, you may need to budget for items such as textbooks and stationery, a computer/laptop, course-related equipment (e.g. lab coats or uniforms), and regular expenses like printing costs, parking or public transport.

Some professional programs like education and health may also require memberships, certifications, licences, or immunisations. Design students should plan for additional material and printing costs. Check your specific program page for more details.

You can often save by buying second-hand textbooks (sometimes listed in student forums on Canvas) or borrowing them from the UniSC Library.

Have questions about living costs, fees or expenses?

You can chat directly with a current UniSC student through our ambassador platform to learn more.

unisc.edu.au/unibuddy

Become workforce-ready

UniSC has a wide range of opportunities for employers to connect with our students, through internships, work experience, careers fair, events and more.

Work integrated learning (WIL)

Whether it's called an internship, practicum, placement, clinical placement, project, wider field experience, professional experience, professional practice or work experience, most UniSC degrees have opportunities for WIL. To find out more, visit unisc.edu.au/WIL

Work Experience Scheme (WES)

The UniSC WES provides current UniSC students in approved programs with support and insurance coverage, and the opportunity to obtain unpaid work experience relevant to their course of study. WES enables placements for a maximum of 30 days or 240 hours within a calendar year, in a supervised skill development capacity.

You can find out more about WES at unisc.edu.au/careers

Micro credentials

Students can earn in-demand industry certifications and badges to secure jobs and internships in the booming technology sector as they study – and graduate with high-level, job-ready professional skills. UniSC has embedded several industry certifications and badges from Microsoft, ITS and CISCO, equipping ICT students with additional professional skills.

To find out more, please visit the Science, technology and engineering page at unisc.edu.au/internationalprograms

Partnerships and opportunities

The Centre for International Development, Social Entrepreneurship and Leadership (CIDSEL) identifies international partnerships, programs and projects that align with UniSC's engagement principles, to enable UniSC to be one of Australia's most globally engaged universities. CIDSEL's international partnerships take many forms, including joint research and development centres, internships, graduate employment programs and philanthropic foundations. To find out more visit unisc.edu.au/cidsel

Volunteering

Get involved on campus by partnering with UniSC in leadership, representative or volunteer roles. The UniSC Students as Partners (SaP) is a volunteer program that enables you to participate in extra-curricular activities on campus or online. The program is flexible to fit into your busy student life, and you can register at any stage throughout your studies. You can find out more at unisc.edu.au/students-as-partners

Employability in South East Queensland

Our Careers and Employability team at UniSC can help you look for a job, provide resume feedback, and prepare you for an interview. To find out more, visit unisc.edu.au/employability

Post-study work opportunities

Study Australia has a range of useful information for students regarding post-study options, post-study jobs and understanding employment contract information which can be found via studyaustralia.gov.au/en/work-in-australia/work-after-graduating

Pathways to university

There are many pathways to study at university. Whether you're still in school or haven't studied in a while, UniSC can help you brush up on your academic skills before embarking on a full degree.

For more information visit
unisc.edu.au/international

Tertiary Preparation Pathway (TPP)

Duration	Location	Commence	2026 Tuition fee	CRICOS code
1 trimester	Sunshine Coast Moreton Bay Caboolture Fraser Coast Gympie	Trimester 1, 2 or Session 8	\$12,375	058561K

TPP is a bridging program that allows you to experience university life before jumping into a full degree. If you haven't studied in a while, TPP helps you brush up on essential study skills like critical reading, assignment writing and referencing. It can also build your knowledge and confidence in the subject areas you'll need for your degree, like science, business or maths.

In this program you will:

- brush up on essential study skills like critical reading, assignment writing and referencing
- gain direct entry into most UniSC degrees on successful TPP completion.

Postgraduate Qualifying Pathway (PQP)

Duration	Location	Commence	2026 Tuition fee	CRICOS code
1 trimester	Sunshine Coast	Trimester 1 or 2	\$14,750	096508M

Supercharge your ability to make a meaningful impact over the duration of your career. The PQP program is for international students who either require or would benefit from additional undergraduate study in English before entry into a UniSC postgraduate qualification

Program features:

- this non-award pathway is part of a packaged offer with a UniSC masters degree, and is available to specifically identified students
- students usually complete 48 units (four courses)
- courses are determined by the discipline focus of the Masters degree in which enrolment is sought, and by course availability in the trimester of study.

English for Academic Purposes (EAP) – Offered in partnership with the Union Institute of Language (UIL)

Duration	Location	Commence	2026 Tuition fee	CRICOS code
10 week blocks	UIL, Sunshine Coast	January, April, October	\$500 per week (10 weeks = \$5,000)	050110B

UIL EAP programs aim to enhance the academic language and study skills of students to facilitate their successful entry and participation in UniSC programs. Students will also develop essential skills in research, report writing, presentation, analytical thinking, and deadline management. For more information contact UIL by emailing admissions.unisc@uil.edu.au

Note: UIL programs may vary in duration and cost. Eligibility is assessed once an application is submitted. This information is to be used as a guide only.

UniSC programs and study areas

UniSC offers over 150 programs in 11 study areas across its five campuses in South East Queensland.

Whether you're here for a trimester or a full degree, UniSC provides flexible study options to help you take the next step towards your career goals.

Please note: Only a full-time option is available to international students on a student visa. Online programs are not available to student visa holders. All prices quoted are in Australian Dollars (A\$). Tuition fees are reviewed each calendar year. The fee you must pay for a given teaching period is that which has been approved by UniSC for the calendar year in which the teaching period commences.

Credit transfer (including credit weighting) towards your home degree is based on your home institution's approval. For more information, including tuition fees and a course list, contact the International Office.

Diploma programs

UniSC offers a variety of Diploma programs from disciplines such as animal ecology, business, communication, general studies, outdoor environmental studies and social sciences. The UniSC Diploma is a university qualification under the Australian Qualifications Framework (AQF). The courses you can study are at Bachelor level.

If you're eligible, you could earn up to 50 percent credit for your prior study and complete the Diploma in one trimester.

Diploma in Animal Ecology

Receive credit towards the Bachelor of Animal Ecology

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
1 year	Sunshine Coast Moreton Bay Fraser Coast	1 or 2	\$21,000	107195F

Learn about animals and turn your love of nature into a meaningful career. Study animals in their natural habitats to better understand how we can protect their future. The first step in a career in animal conservation.

In this program you will:

- learn about biodiversity, conservation, human-animal interactions, and the impacts of a changing environment
- study a wide range of marine and terrestrial wildlife, including sharks, snakes, birds, turtles and whales.

Diploma in Business

Receive credit towards the Bachelor of Business
AACSB Accredited

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
1 year	Sunshine Coast Moreton Bay Fraser Coast	1 or 2	\$21,000	084894F

This diploma program lets you choose any eight courses available to you from UniSC's Bachelor of Business degree.

In this program you will:

- get insight into a fast-paced, dynamic and exciting business world
- follow your own interests with a wide range of subjects in management, marketing, accounting, economics and finance, and more.

No. 1 in Australia for teaching quality and overall experience in Business and Management

Good Universities Guide 2024/25

Diploma in Business Innovation

Receive credit towards the Bachelor of Business
AACSB Accredited

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
1 year	Sunshine Coast Moreton Bay Fraser Coast	1 or 2	\$21,000	109234K

Kickstart your business career in just one year. Enter the business field with a broad introduction to the core ideas that drive growth, including entrepreneurship, marketing, management, and more.

In this program you will:

- gain hands-on experience by developing an innovative business idea, including market research, developing a project 'pitch', and writing a business plan
- build the skills you'll need to stand out in the business world, including critical thinking, communication and time management
- learn how to use technology to achieve your study and career goals, including working with different technology platforms, managing information and creating an online profile.

Diploma in Communication

Receive credit towards the Bachelor of Communication

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
1 year	Sunshine Coast	1 or 2	\$21,000	084895E

A great opportunity to improve your communication skills. This diploma program is offered over eight courses and gives you the option to tailor your studies to suit your interests. Choose from a wide range of courses including creative writing, media, public relations, journalism and design.

In this program you will:

- gain knowledge and learn communication concepts in your chosen area through face-to-face teaching supported by online resources
- have the option to use your courses to complete a minor.

Diploma in Criminology and Justice

Receive credit towards the Bachelor of Criminology and Justice

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
1 year	Sunshine Coast	1 or 2	\$21,000	0100425

Gain a qualification in criminology and justice. This program is offered over eight courses and gives you the option to tailor your studies to suit your interests.

In this program you will:

- study courses including criminal profiling and intelligence, crime prevention, youth justice, restorative justice, international justice and human rights.

Diploma in General Studies

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
1 year	Sunshine Coast Fraser Coast	1 or 2	\$21,000	084896D

Choose from a range of courses and gain an Australian qualification. If you want the best of both worlds, UniSC's Diploma in General Studies is the program for you.

In this program you will:

- a recognised 1-year (96 units) Australian Qualification Framework (AQF) award program.
- a great option if you've just finished high school and want to study abroad without committing to a 3-year or 4-year degree.

Diploma in Outdoor Environmental Studies

Receive credit towards the Bachelor of Recreation and Outdoor Environmental Studies

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
1 year	Sunshine Coast	1 or 2	\$21,000	088627D

A career that combines environmental studies, exploration and adventure. This diploma equips you with the skills, knowledge and experience to contribute to the leadership of transformative outdoor environmental experiences in natural settings as a guide and scientific interpreter.

In this program you will:

- learn to navigate diverse terrain using non-motorised modes of travel
- develop an understanding of environmental management objectives, and learn about unique terrestrial and marine ecosystems and the organisms that inhabit them
- complete supervised outdoor environmental studies fieldwork (depending on elective choices) in local natural environments and World Heritage Areas.

Diploma in Social Sciences

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
1 year	Sunshine Coast	1 or 2	\$21,000	084897C

Choose from a wide range of social sciences fields such as counselling, social work, history, psychology and urban planning. Our diploma is offered over eight courses and gives you the option to tailor your studies to suit your interests.

In this program you will:

- have the option to use your courses to complete a minor
- have the unique opportunity to study from a diverse range of social sciences areas and experience what it's like to live and study in another country.

Double degree programs

Maximise your study by earning degrees from both UniSC and your home university simultaneously.

By transferring credits from your home university toward a UniSC program, you could earn a UniSC Bachelor degree in just two trimesters or a UniSC Masters degree in just one trimester, while completing your home degree at the same time. Completing a degree at UniSC will further enhance your English language skills enabling you to experience Australian culture while providing you a competitive advantage in the global business environment.

For more information visit
unisc.edu.au/international-double-degrees

Credit Transfer for diploma programs

UniSC offers you the opportunity to apply for recognition of prior studies towards a UniSC Diploma.

The Diploma is usually completed in two trimesters, but if you have already completed studies at your home university you could receive credit for up to four courses towards the UniSC Diploma. This means you can graduate with an Australian Diploma qualification after successfully completing only one trimester (4 courses) of study at UniSC.

The courses you study at UniSC may be eligible for credit transfer to your home institution. Please check with your home institution if Diploma courses are also credited towards your home degree.

For students applying via their home institution

If you're currently enrolled at a tertiary institution, you need to check with your home institution about the possibility of credit transfer for courses studied at UniSC. Choose your courses and have them approved by UniSC and your home institution before you arrive.

Information for students interested in study abroad (postgraduate)

UniSC offers a limited number of Postgraduate level courses to students who are currently enrolled in a Master-level program at their institution or who have completed their undergraduate studies.

Arts and humanities

Explore your interests in culture, society, global politics and more.

If you love discussing ideas, like to read and write, and are curious about the world around you, this is the field for you. You'll have a choice of subjects across humanities, media, politics and society.

You'll learn how to think critically and creatively, and build core communication and problem-solving skills that will remain valuable in a period of global disruption and change.

Our programs in arts and international studies can lead to careers as a:

- Geographer
- Government/development professional
- Historian
- Media and communications professional
- Policy officer
- Publisher
- Researcher
- Sociologist
- Writer

For more information visit unisc.edu.au/courses-and-programs/arts-and-humanities or scan the program QR code.

AACSB Accredited

Duration (full-time)	Location	Commence in session	2026 Tuition fee	CRICOS code
2 years	Sunshine Coast	1, 2, 3, 5, 6 or 7	\$29,500	088886G

Broaden your managerial skills. In today's business world, the demands of management require you to have an increasing range of skills in all facets of business. Learn to integrate knowledge and skills across functions and disciplines, and focus on the application of theory and execution of practice.

In this program you will:

- complete a specialisation in Global Business, Health Sector Business Management, Entrepreneurship and Innovation Management, Management or Marketing
- study in a team environment, where you and your fellow program participants can share your real-life management challenges and how you apply problem-solving skills
- explore the fundamentals of accounting, finance, strategic management and marketing.

Possible careers: account executive, chief financial officer, general manager, senior project manager or work in high level managerial roles.

Gain access to affiliate membership free of charge with IML ANZ

* Refer to the program page for information about standard and accelerated study sequences.

Iori Forsyth

Bachelor of Business

"I would not have been able to get to where I am without my degree. Not only did my UniSC degree provide me with a direct pathway into my career through my internship subject, but earning a degree itself boosted my confidence and provided me with a sense of achievement. In my final trimester I participated in an internship that led to my first job after graduation, as a marketing assistant at Visit Sunshine Coast. After a year there, I ventured to Tokyo to explore opportunities in Japan-Australia relations (my two home countries)."

Master of Business Intelligence and AnalyticsAACSB Accredited

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
1.5 years	Sunshine Coast	1 or 2	\$32,500	117524M

Education

A degree in education is your pathway to a rewarding teaching career.

As a teacher, you'll encourage young people to achieve their best and make a real difference in your community. Because of our growing population and the age of the current teaching workforce, demand for qualified teachers is increasing across Australia, with a particular need for specialist teachers in science, maths and languages.

Our programs within education can lead to careers in:

- Childrens' advocacy
- Consultancy
- Early childhood centre leader/director
- Early Childhood teaching
- Education consultancy
- Entrepreneurship
- Investment
- Management consultancy
- Marketing analysis
- Primary school teaching
- Project managerial roles
- Social media
- Tutoring
- Youth support

For more information visit unisc.edu.au/study/courses-and-programs/education or scan the program QR code.

UniSC has one of the highest employment rates for teaching graduates in Australia.
More than 81% of UniSC teacher education graduates are employed full time (QILT, 2024).

Bachelor of Education (Early Childhood)

Professional experience opportunities in every year of the degree

Bachelor of Education Studies (Early Childhood)

Graduates can seek memberships with Early Childhood Australia 

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
3 years	Sunshine Coast Moreton Bay	1 or 2	\$32,500	115024C

The early years of children's lives are incredibly important. This nationally accredited program focuses on children aged 0–8 years. Develop competence and expertise to contribute to young children's sense of agency, well-being and learning capabilities.

In this program you will:

- learn the importance of well-being, play and supportive environments in early learning
- qualify to work and lead in childcare, kindergarten and primary school (focusing on Prep to Year 3)
- connect knowledge and practice through Supervised Professional Experiences in a range of early childhood and school settings
- engage with community projects and work with children and their families to gain valuable Wider Field Experience.

Possible careers: early childhood teacher or leader/director, tutor, youth support, children's advocate and more.

Master of Teaching (Secondary)

60 days of professional practice
 Graduates can seek memberships with Queensland College of Teachers

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
2 years	Sunshine Coast	1 or 2	\$31,500	094769F

This program is for graduates with non-Education bachelor degrees wanting to qualify to teach disciplines in secondary schools. For admission, your bachelor degree disciplines must align with the current subject offerings of Queensland schools.

In this program you will:

- build on existing subject knowledge with discipline-specific courses preparing you for the classroom
- assess students' learning needs, design lesson plans and manage a diverse classroom
- have an opportunity to gain experience rurally and remotely
- attend ongoing professional development seminars and employment forums.

Possible careers: corporate trainer, education consultant or teacher in secondary schools (Years 7-12).

Bachelor of Environmental ScienceLab and Fieldwork
Combined degree options

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
3 years	Sunshine Coast Moreton Bay	1 or 2	\$31,500	066283E

Help businesses and governments understand and make informed decisions about preserving natural ecosystems and resources, balancing the needs of humans and nature. Learn about plant ecology, chemistry, hydrology, soil rehabilitation, climate change, coastal studies, geospatial sciences and conservation and restoration.

In this program you will:

- develop skills in advanced research methods
- use spatial analysis and drones to gain industry-ready skills
- learn to solve complex environmental problems
- choose an area of interest from options including Environmental Management, Sustainability and more.

Possible careers: environmental consultant, work with parks and wildlife, resource management, waste and pollution control and more.

Every graduate competent in field methods, mapping and remote technologies, lab skills, computing and analysis.

Bachelor of Recreation and Outdoor Environmental StudiesLab and Fieldwork
Combined degree option

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
3 years	Sunshine Coast Moreton Bay	1 or 2	\$29,500	094768G

The first of its kind in Queensland, this program teaches the skills to work with people, engaging them in active lifestyles and helping them appreciate nature. This program gives you a broad, versatile education in health and physical education, outdoor environmental studies, and sports coaching.

In this program you will:

- attend more than 25 outdoor environmental studies fieldwork days in the Sunshine Coast area, including K'gari
- specialise in areas including marine science, tourism management, restoration and conservation, health and physical education, sustainability, biological science and more.

Possible careers: adventure tourism guide, outdoor guide, ecotourism guide, sports coach, outdoor recreation officer and more.

Choose to follow a pathway into Marine Science as a major

**Hein van Eeden — South Africa**

Bachelor of Education (Secondary) / Bachelor of Recreation and Outdoor Environmental Studies

"My experience with the double degree is nothing short of exceptional. I was fortunate enough to go on various outdoor trips as a part of the courses of my degree. We went hiking, kayaking, canoeing, abseiling, camping and cycling in some of the most beautiful places in Australia. We learnt about the flora and fauna of the Sunshine Coast and other regions in Queensland. I can safely say that it has developed my care for the environment, nature, and everything that lives and breaths on our planet."

Fully accredited by the
Planning Institute of Australia
Work Experience Scheme (WES)

Bachelor of Urban Design and Town Planning (Honours)

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
4 years	Sunshine Coast	1 or 2	\$28,500	095999F

Plan better spaces and land uses for our next generation. A career in urban design and town planning enables you to plan and design good places for people to live, work and play. This is not just a planning degree.

In this program you will:

- manage urban growth and plan for sustainable development, infrastructure and services
- choose a specialisation such as environmental management or geospatial analysis
- get hands-on experience through practical projects each year and a five-week full-time placement in final year
- undertake placement in local government, state government, planning consultancies, non-government or environmental organisations.

Possible careers: community development, place maker, property development, strategic planning and policy, infrastructure development and more.

Choose a specialisation such as environmental management or geospatial analysis

Did you know?

Students studying environmental science subjects have unprecedented access to UniSC's K'gari Research Station — perfectly placed within a UNESCO biosphere!

Law and criminology

Kickstart your legal career with hands-on degrees designed to give you practical experience in the criminal justice system.

Prepare for a career as a lawyer, legal researcher, criminologist, forensic psychologist, law enforcement officer, youth or community justice worker, or in community corrections.

Our courses are taught by experienced legal practitioners and criminologists with a focus on practical skills, to give you a real-world understanding of crime, justice and the law.

Our programs within law and criminology can lead to careers as a:

- Barrister
- Business and public service administrator
- Community corrections officer
- Corporate in-house counsel
- Criminal justice policy officer
- Criminologist/crime researcher
- Custodial corrections officer
- Government legal officer
- Judge's associate
- Police or law enforcement officer
- Security/intelligence analyst
- Solicitor
- Youth justice officer

Bachelor of Criminology and Justice

Professional placement
Combined degree options

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
3 years	Sunshine Coast Moreton Bay	1 or 2	\$28,500	059490A

Develop a strong understanding of Australia's criminal justice system, including law enforcement, crime policy, the courts, and custodial and community corrections. Explore the motivations and consequences of criminal behaviour, along with questions of social justice, ethics and law reform.

In this program you will:

- understand legal institutions and processes, and examine fair and effective methods of crime prevention
- learn how to research crime-related issues and develop problem-solving skills
- choose from specialist courses in criminal profiling, cybercrime, international justice, youth justice, homicide and forensic science, and more.

Possible careers: community corrections officer, criminal justice officer, custodial corrections officer, youth justice officer and more.

Gain a competitive edge for graduate employment

Bachelor of Laws*

Approved academic qualification for admission to the legal profession
Combined degree options

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
4 years	Sunshine Coast	1 or 2	\$33,500	116689J

Help solve complex legal problems for individuals, businesses, firms, corporations, and not-for-profit organisations. This program is designed to produce law graduates with a practical focus, covering academic courses required for admission as a legal practitioner in Australia.

In this program you will:

- engage in active learning experiences and gain practical skills from your first year
- research answers to legal problems, prepare advice, present legal argument, observe court proceedings, and partake in simulated court presentations in our Moot Court venue
- further develop your skills by working with Legal Service clients under legal supervision in the elective Law Professional Practice or undertake a legal internship in a law workplace.

Possible careers: barrister, solicitor, government legal officer, judge's associate and more.

Utilise UniSC's custom-built Moot Court for simulations

* This degree is an approved academic qualification for admission to the legal profession. Graduates must undertake a further period of practical legal training before being admitted as a legal practitioner.

Medical and health sciences

Prepare for a career in the health sector, or further studies in medicine.

Healthcare and medical services are among Australia's fastest growing industries. From dietitians to public health experts, occupational therapists to clinical technicians, professionals with the skills to diagnose and treat health issues are in high demand.

Our programs within medical and health sciences can lead to careers in:

- Aged care
- Biodiscovery
- Biomedical research and education
- Biotechnology and genetics
- Cardiac, respiratory and sleep diagnostics
- Child and adolescent services
- Clinical embryology clinical trial coordination
- Clinical prosthetics and/or orthotics
- Communicable disease control
- Community health and mental health
- Community nutrition
- Corporate nutrition
- Environmental health
- Food service and menu support
- Health communication
- Health promotion
- Occupational therapy in hospitals

Professional experience
 Work towards Honours or Master

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
3 years	Sunshine Coast	1 or 2	\$29,500	061658G

Get involved with food and a constantly evolving scientific field. This is a hands-on program specially designed for industry application, teaching the science behind food and the way the human body uses it.

In this program you will:

- learn how to make food for people with different dietary needs
- specialise in a range of minors, including public health nutrition, health promotion, healthy public policy, sustainability, food science and safety, sport and exercise nutrition, agriculture and aquaculture, Indigenous studies, social media or journalism
- on successful completion, become eligible for enrolment in the Accredited Nutritionist Program of the Dietitians Association of Australia (with appropriate experience/further qualifications).

Possible careers: community or corporate nutritionist, nutrition policy developer, sports and exercise nutritionist, health promotion officer and more.

Learn from registered nutritionists and accredited practising dietitians

Bachelor of Occupational Therapy (Honours)

Choose between project or research pathways
 Accredited program

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
4 years	Sunshine Coast	1 or 2	\$32,500	077418D

Help people break down everyday barriers. Occupational therapists help people overcome limitations caused by injury or illness, psychological or emotional difficulties, developmental delay or the effects of ageing.

In this program you will:

- build foundational knowledge in physiology, functional anatomy, psychology and well-being, and public health
- complete 1000 hours of fieldwork to build your professional skills and clinical experience in a wide range of settings and age groups
- upon graduation, become eligible for registration with the Occupational Therapy Board of Australia.

Possible careers: working in aged care, with child and adolescent services, private practice, vocational rehabilitation and more.

#1 in Australia in graduate outcomes – full-time employment for rehabilitation¹

In the Bachelor of Biomedical Science degree, students are able to undertake clinical work placements and special research projects.

Bachelor of Prosthetics and Orthotics

Clinical placements

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
3 years	Sunshine Coast	1	\$29,500	109235J

If you are creatively or technically-minded and enjoy working with people, consider a career in prosthetics and orthotics. This program is the first and only program in Queensland that allows you to specialise in this area. Prosthetists and orthotists work with people who have amputations, musculoskeletal weaknesses, or neurological conditions, throughout the varied process of treatment.

In this program you will:

- gain specialist training in an increasingly advanced and dynamic area of health
- learn to provide innovative, compassionate, and client-centred care to help address the functional limitations of people, resulting from illness, disease, or disability
- develop skills, through study and clinical placements, to enter the profession and help break down barriers for people living with disability.

Possible careers: clinical prosthetist and/or orthotist.

First and only program in Queensland that allows you to specialise in this area

Nursing

With a degree in nursing, you'll work to care for people and help keep our communities healthy, happy and strong.

You'll get hands-on experience in UniSC's state-of-the-art simulation facilities, with Australia's newest teaching hospital and health precinct right on your doorstep.

Our programs within nursing and science can lead to careers in:

- Aged care
- Community health
- Indigenous health
- Mental health
- Acute care nursing
- Regional and remote health
- Clinical education
- Clinical practice

Psychology and social sciences

If you're thinking of studying psychology and social sciences, we've got your back.

With the challenges we currently face, there has never been a more relevant time to study psychology and social sciences. At UniSC you'll gain access to world-leading research from UniSC's Thompson Institute, the opportunity to work with patients under supervision on placement, and five-star rated teaching! Our graduates are in high demand, which is no surprise considering we're ranked first in Queensland for learner engagement, overall experience, student support, teaching quality and graduate outcomes! And, we're No. 1 in Australia for postgraduate learning resources!

Explore our degrees in psychology and social work and start down the rewarding and fascinating path of supporting others.

Our programs within psychology and social sciences can lead to careers in:

- Aged services
- Child protection
- Community work
- Counselling
- Disability support work
- Government organisations
- Health and education services
- Mental health
- Policy development
- Psychology
- Sociology
- Youth work

Master of Psychology (Clinical)

"In the first year of the Master of Psychology (Clinical), you have your first placement in the UniSC Psychology Clinic at the Thompson Institute, which is where you first get to develop your clinical skills. In the second year, you have two external placements. I was placed with the Sunshine Coast Mental Health Service's Acute Care Team the first trimester, and at a local private practice, Mind Potential Psychology, in the second."

Master of Professional Psychology

 Accredited

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
1 year	UniSC Thompson Institute	1	\$33,500	084975E

This one-year postgraduate program prepares you for independent work in psychology, focusing on practical experience and skills. Learn at the Thompson Institute, a world-class hub for mental health research, teaching and clinical services, close to the Sunshine Coast University Hospital.

In this program you will:

- advance your knowledge of psychological assessment with a focus on selection, administration and interpretation of major psychological tests
- extend your knowledge of appropriate treatments for psychological disorders and how to deliver services ethically and within legal requirements
- develop skills in writing different kinds of psychological reports.

Possible careers: non-government organisations, private health sector, psychologist with general registration, public health sector and more.

Access to a diverse range of professional academics, including clinical psychologists and neuropsychologists

Master of Psychology (Clinical)

 Accredited
 Apply for AHPRA registration

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
2 years	UniSC Thompson Institute	1	\$33,500	070701B

Meet the requirements for registration as a psychologist. Learn at the Thompson Institute, a world-class hub for mental health research, teaching and clinical services, close to the Sunshine Coast University Hospital. The Institute addresses mental health in the community, particularly for youth, adolescents and older community members.

In this program you will:

- complete three major components—coursework in professional and clinical psychology
- participate in placements involving supervised working as a provisional psychologist
- review relevant literature, design and conduct a study, data collection and analysis, and prepare a thesis.

Possible careers: non-government organisations, private health sector, psychologist, public health sector and more.

Study at the world-class Thompson Institute

Science, technology and engineering

Turn your curiosity into real impact with a degree embedded with industry and field experience.

ICT courses at UniSC are delivered with embedded industry certifications and badges from Microsoft, ITS and CISCO to equip you with high-level professional skills. Prepare for a career in your chosen industry with plenty of practical experience, including laboratory work, fieldwork, workplace learning and research projects.

Our programs within science, technology and engineering can lead to careers in:

- Automotive
- Building industries
- Cloud and mobile technologies
- Construction companies
- Cyber security
- Data communications
- Digital forensic examination
- Engineering
- Government agencies
- ICT Systems Test Engineer
- Industrial engineering
- Information security
- Manufacturing
- Network investigation
- Project management

Design and build the future. Civil engineers plan, design, build and maintain the infrastructure we rely on as a civilisation – including buildings, roads, and water systems. This program develops practical skills in engineering design, project management and sustainability, qualifying you to work as a civil engineer in Australia and overseas.

In this program you will:

- learn to use mathematical and scientific principles to solve a range of technical problems
- experience a broad array of courses covering areas like design, sustainability, modelling and management and leadership
- complete a major final-year research project on a topic of your choice
- recreate interactive real-life scenarios in UniSC's state-of-the-art visualisation studio and dedicated engineering laboratories.

Possible careers: working in the building industry, with construction companies, engineering consultancies, government agencies, mining and more.

Manage a major final-year research project on a topic of your choice

¹ Graduate Outcomes Survey 2024 (QILT).

Bachelor of Information and Communications Technology

Embedded Industry Certifications
 ACS Accredited

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
3 years	Sunshine Coast Moreton Bay	1 or 2	\$28,500	048930F

We live in an ICT age: computers, smartphones and networks are used by everyone, everywhere, as an enabler and driver of innovation. There is great demand for graduates who understand computing technology and create innovative solutions to help people and benefit organisations.

Get hands-on
 experience
 through a work
 integrated
 learning course

In this program you will:

- study computing and business foundations, including cyber security and project management
- build specialist expertise in data management and information systems for business solutions
- gain hands-on experience through a professional work integrated learning course
- graduate with industry certifications such as Microsoft, ITS and Cisco

Possible careers: computer systems analyst, database administrator, network and computer systems administrator, software developer and more.

Master of Cyber Security and Forensics

Embedded Industry Certifications
 ACS Accredited

Duration (full-time)	Location	Commence in trimester ¹	2026 Tuition fee	CRICOS code
2 years	Sunshine Coast	1 or 2	\$31,500	109236H

Technology is expanding into every aspect of people’s lives – which means cyber security is a growing priority for governments, businesses and individuals. Develop the skills and understanding needed to lead a dynamic global field.

Become a
 leader in
 cyber security

In this program you will:

- develop expertise in digital investigation methods, cyber research and digital forensic examination
- learn to conduct cyber forensics across current and emerging technologies
- understand ethical and legal considerations in cybersecurity and apply tools to analyse digital data
- strengthen leadership and critical problem-solving skills through advanced study and industry mentoring

Possible careers: digital forensic examiner, network investigator, security analyst and more.

Master of Information and Communications Technology

Embedded Industry Certifications
 ACS Accredited

Duration (full-time)	Location	Commence in trimester ¹	2026 Tuition fee	CRICOS code
2 years	Sunshine Coast	1 or 2	\$31,500	092873M

Supercharge your career prospects by becoming equipped with high-level professional skills. The Master of Information and Communications Technology will develop your understanding in data analytics, data science engineering, data and process management, domain knowledge and research methods.

In this program you will:

- understand ethical considerations relating to privacy and data security
- examine how effective data management drives organisational transformation and digital innovation
- apply research methods and analytical skills to develop innovative business solutions

Possible careers: working as a business or data analyst, or cyber security specialist.

Learn about UniSC's new postgraduate engineering programs below.

Master of Civil Engineering

Accreditation into Engineers Australia

Duration (full-time)	Location	Commence in trimester ¹	2026 Tuition fee	CRICOS code
2 years	Moreton Bay	1 or 2	\$38,500	115025B

Develop the skills to design, construct and manage resilient infrastructure that supports growing communities and future city development. Gain expertise in structural, transport and environmental engineering while contributing to the large-scale infrastructure and urban transformation shaping South East Queensland.

Possible careers: chief engineer, environmental engineer, sustainable design specialist, smart cities engineer and more.

Master of Mechanical Engineering

Accreditation into Engineers Australia

Duration (full-time)	Location	Commence in trimester ¹	2026 Tuition fee	CRICOS code
2 years	Moreton Bay	1 or 2	\$38,500	115026A

Build advanced skills in the design, analysis and optimisation of mechanical systems and manufacturing processes. Gain the expertise to improve performance, automation and efficiency across industries including energy, transport and advanced manufacturing.

Possible careers: automotive engineer, design engineer, innovation manager, manufacturing engineer and more.

Master of Renewable Energy Engineering

Accreditation into Engineers Australia

Duration (full-time)	Location	Commence in trimester ¹	2026 Tuition fee	CRICOS code
2 years	Moreton Bay	1 or 2	\$38,500	115030E

Be equipped with technical and professional skills needed to lead the transition to clean and sustainable energy systems. Develop the knowledge to design, implement and manage innovative energy solutions that meet global environmental and economic challenges.

Possible careers: energy infrastructure manager, power system engineer, renewable energy engineer, research and development engineer and more.

Master of Engineering Project Management

Accreditation into Engineers Australia

Duration (full-time)	Location	Commence in trimester ¹	2026 Tuition fee	CRICOS code
2 years	Moreton Bay	1 or 2	\$38,500	115031D

A qualified engineer and technical professional seeking to progress into leadership roles. This program builds your capacity to manage large-scale engineering projects by combining advanced project planning, risk management, procurement and execution skills with professional leadership and strategic decision-making.

Possible careers: chief engineer, director of engineering, engineering consultant, program manager, project manager and more.

¹ Not all study components available at all locations. Refer to online listing for details.

Sport and exercise science

Learn to harness the power of human movement and use exercise to help people recover from illness or injuries.

Build practical skills in UniSC's AIS-accredited sports science labs, and learn from specialist teachers – many of whom hold major coaching and sports science roles with national and international sporting teams.

The UniSC Sport Precinct is also home to the Sunshine Coast Lightning, Olympic and Paralympic swimming squads, and the Australian Cycling Academy.

Our programs within sport and exercise science can lead to careers in:

- Cancer and renal disease rehabilitation
- Cardiac and pulmonary testing
- Case management and research
- Exercise physiology
- Exercise science
- Musculoskeletal injury prevention and management
- Neurological rehabilitation
- Occupational rehabilitation
- Physical activity and health promotion
- Sport and outdoor activity development
- Sport and tourism event planning
- Sports administration
- Sports coaching
- Sports development
- Sports journalism
- Sports marketing

For more information visit unisc.edu.au/study/courses-and-programs/sport-and-exercise-science or scan the program QR code.

Bachelor of Clinical Exercise Physiology
 Professionally accredited by ESSA
 500 hours of supervised work placement

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
4 years	Sunshine Coast	1	\$32,500	098401F

Exercise is a powerful tool to improve human performance and health outcomes. Become qualified to help people live healthier lives. Work with clients in healthcare settings and sports to prevent disease and injuries, and to manage health, lifestyle and behaviour changes.

In this program you will:

- learn how to use exercise to prevent and manage heart disease, diabetes, cancer, osteoporosis and mental health
- train to prevent and manage musculoskeletal injuries in sport and recreation
- study anatomy, physiology, biomechanics, assessment, programming, psychology and nutrition
- test and train athletes in UniSC's AIS-accredited sport science labs
- qualify to work in hospitals, health clinics, rehabilitation facilities, gyms and more.

Possible careers: working in cancer and renal disease rehabilitation, exercise physiology, neurological and occupational rehabilitation and more.

Wide range
of clinical
placement
opportunities

Bachelor of Sports Studies
 Professionally accredited by ESSA
 Minimum 270 hours of supervised work placement

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
3 years	Sunshine Coast	1 or 2	\$31,500	088626E

Turn your passion for sport into a rewarding career. Be equipped with the knowledge and practical skills to excel in the dynamic sports industry. Whether you're interested in coaching, sports management, fitness or community health, this program prepares you to make a positive impact in sport and active lifestyle.

In this program you will:

- develop a strong understanding of exercise science, coaching principles, sports development, and health promotion
- Explore career pathways across sports administration, coaching, fitness and community engagement
- learn to apply leadership, communication, and event management skills in sports settings.

Possible careers: sports and outdoor activity development, sport and tourism event planner, sports administration, sport business manager, sports journalist and sports marketer and more.

Test and
train athletes
in UniSC's
nationally
accredited
sports labs

Bachelor of Sport and Exercise Science

Professionally accredited by ESSA
 Minimum 270 hours of supervised work placement

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
3 years	Sunshine Coast	1 or 2	\$31,500	066289K

Train your mind to help others improve their health. Exercise scientists use the science of human movement to make life more enjoyable and prevent common lifestyle diseases. This program teaches the science and theories behind human movement and sporting performance and provides hands-on skills to work as a qualified exercise scientist.

In this program you will:

- gain in-depth knowledge in areas such as functional anatomy, motor control and learning, exercise physiology and biomechanics
- learn about sports psychology, performance analysis, coaching and exercise rehabilitation.

Possible careers: exercise scientist, sports coach, development officer, strength and conditioning coach and more.

Test and train athletes in UniSC's nationally accredited sports science labs

Master of Dietetics (Sports Nutrition)

Flexible pathways

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
3 years	Sunshine Coast	1 or 2	\$38,500	116690E

Turn your passion for sport into a career. Combine core sport science knowledge with complementary skills in areas like sports media, sports journalism, sports administration, event management, marketing, public relations and business management, to prepare you for a range of careers in the growing sport and fitness industries.

In this program you will:

- learn about the modern sports industry at local, national and international levels
- tailor your studies with flexible pathways to suit your own interests and career goals
- gain the skills to be job-ready for a range of sport and fitness careers.

Possible careers: exercise scientist, sports coach, development officer, strength and conditioning coach and more.

Experience multiple workplace learning opportunities

The UniSC Sport Precinct hosts Olympic and Paralympic teams

Awarded 5 stars for teaching quality
(Good Universities Guide 2026)

No. 1 in Australia for learning resources in rehabilitation
(Good Universities Guide 2026)

Did you know? You can study abroad at UniSC!

UniSC's Study Abroad program is a short trimester-based program, allowing you the flexibility to study three or four courses (36 or 48 units) over one trimester.

For more information visit unisc.edu.au/international

Talk to our International students

Want to find out more about being a UniSC student?
Scan the QR code and chat with our international students!

unisc.edu.au/unibuddy

Study Abroad students can study 3 or 4 courses (36 or 48 units) per trimester and can choose from a wide range of disciplines.

Duration (full-time)	Location	Commence in trimester	2026 Tuition fee	CRICOS code
1 trimester	Sunshine Coast Moreton Bay	1 or 2	\$7,875 (3-course option) \$10,500 (4-course option)	026639B
2 trimesters (Full year)	Sunshine Coast Moreton Bay	1 or 2	\$15,750 (6-course option) \$21,000 (8-course option)	056828D

As a Study Abroad student, you get the opportunity to select from a range of undergraduate courses and study with the locals. Choose whether to study for 1 trimester or a full-year, and a 3- or 4-course option.

Study Abroad students generally study four courses per trimester, which equates to approximately 30 ECTS or 15-18 US credit points.

Maiken Brennum — Norway

Study Abroad (4-course option)

"I wanted to study in a place far away from Norway, and Australia has always been a country I've wanted to visit. The name Sunshine Coast sounded wonderful and the kangaroos at UniSC just made it perfect. During my time at UniSC I met so many nice people from different countries and experienced seeing wild kangaroos, the exotic environment surrounding the Sunshine Coast, and of course the beautiful beaches. I love how UniSC organised a range of activities including free lunches and picnics, and other events where we could socialise with other students."

Please note: Only a full-time option is available to international students on a student visa. Online programs are not available to student visa holders. All prices quoted are in Australian Dollars (A\$). Tuition fees are reviewed each calendar year. The fee you must pay for a given teaching period is that which has been approved by UniSC for the calendar year in which the teaching period commences.

Entry requirements

To enrol in a UniSC program as an international student, you must fulfill the following entry requirements:

- be an international student
- be at least 18 years old when the program commences
- meet the program admissions requirements
 - undergraduate program admission requirements
 - postgraduate and Higher Degree by Research admissions requirements – check the entry requirements on the relevant program page
- meet the English language requirements
- meet UniSC's suitability requirements
- familiarise yourself with the student rules and information.

Visit unisc.edu.au/international/international-students/apply-now or scan the QR code below to learn more about UniSC's entry requirements.

English language requirements

The table below specifies the standard requirements that will be accepted for most programs.

Test or other preparation	Undergraduate (including undergraduate Study Abroad and TPP)	Postgraduate coursework (including PQP, postgraduate Study Abroad and Honours)	Higher Degrees by Research (including Master by Research and Doctoral degrees)
IELTS (Academic) ²	Overall score of 6.0 with minimum 5.5 in each subtest	Overall score of 6.5 with minimum 6.0 in each subtest	Overall score of 6.5 with minimum 6.0 in each subtest
TOEFL iBT	Overall score of 76 with minimum score of 18 for writing	Overall score of 85 with minimum score of 21 for writing	Overall score of 85 with minimum score of 21 for writing

¹ Meeting this requirement is usually sufficient however, the University reserves the right to ask for additional evidence of proficiency in certain instances. For more information visit unisc.edu.au/englishrequirements

² IELTS One Skill Retake (OSR) accepted.

English language entry requirements for non-standard programs

Some UniSC programs, including in the study areas of Nursing and Social Work, have higher English language requirements. Follow the QR code below for a detailed overview of the accepted English language proficiency tests and minimum scores required.

For UniSC's English Language Requirements visit unisc.edu.au/englishrequirements or scan the QR code.

How to apply

Applying to UniSC as an international student is easy, and you can apply to UniSC via the International Application Portal. The portal is open all year round, so you can simply follow the steps below to start your academic adventure.

1. Browse for your preferred degree

Browse this guide or visit unisc.edu.au/intapply

2. Check if you meet the entry requirements

Check the undergraduate entry requirements listed in this guide or by visiting unisc.edu.au/internationalundergradrequirements. Postgraduate requirements are listed on each specific program page. Check the English language requirements, or alternatively, consider a pathway option if you don't meet the direct entry requirements.

3. Check eligibility for credit and collect supporting documents

Information regarding supporting documents can be found at www.unisc.edu.au/international-undergrad-reqs. UniSC also offers credit for some or all of your home country qualifications or prior learning. For more detailed information visit unisc.edu.au/credit

4. Find a UniSC agent representative

Many international students prefer to use an education agent to assist them with the application process to UniSC. You can find a complete list of UniSC agent representatives at unisc.edu.au/internationalreps

5. Check eligibility for scholarships

UniSC offers a range of scholarships in 2026 for international students. There are also a range of external scholarships available. Visit unisc.edu.au/internationalscholarships for more information

6. Apply online

Once you are ready to submit your application, you can head over to our International Application Portal. If you are applying via a registered UniSC agent, they will submit an application on your behalf. Contact your nominated UniSC agent representative for further information.

Admissions checklist

Once you have applied, it is important to stay informed about the next steps towards becoming a UniSC student. The checklist below will help you prepare for your upcoming studies with us.

1. Accept your offer

If you receive an offer to study at UniSC, you can accept this offer in the International Application Portal. If you have applied via a UniSC education agent, your education agent will advise you on how to accept.

2. Pay your deposit

Once we have received your payment, you've officially accepted your offer to study at UniSC. For more information on how to pay, refer to your Letter of Offer.

3. Apply for a Student visa

In order to study in Australia, you will need to apply for a Student visa via the Department of Home Affairs (DOHA). If you're already on another type of temporary visa with study rights, you do not need to apply for a Student visa. See unisc.edu.au/beforeyouarrive for more detailed information.

4. Secure your accommodation

Exploring your accommodation options is an important step in preparing to arrive in Australia. There are a variety of options close to UniSC's campuses whether you want to live in a privately owned accommodation complex, share a house, book a homestay or find a place of your own. Visit unisc.edu.au/accommodation for more detailed information.

5. Check your UniSC student email regularly

Every UniSC student is provided a University email account provided by the Microsoft Office 365 for Education system. This is where you will be sent important information from UniSC regarding your studies. Find out more at unisc.edu.au/uscmail

6. Fees due date

Payment of fees is required by the due date. Refer to the relevant Academic Calendar found at unisc.edu.au/calendars for key administrative dates, including the fee due date and census date.

International student scholarships

UniSC offers a range of international student scholarships for commencing international students. We recommend visiting the unisc.edu.au/internationalscholarships page for the most up-to-date information on our scholarship offerings.

International Student Scholarship

The International Student Scholarship is a 15% tuition fee reduction offered to all commencing international students in 2026.

International Bright Futures Scholarship

The International Bright Futures Scholarship is a 20% tuition fee reduction that is awarded to commencing international students in 2026 who either:

- enrol in one of the UniSC programs listed below; or
- are a citizen of one of the countries listed below.

The following programs are currently eligible for the International Bright Futures Scholarship:

- **UB009** Bachelor of Education Studies (Early Childhood)
- **MC002** Master of Civil Engineering
- **MC003** Master of Mechanical Engineering
- **MC005** Master of Renewable Energy Engineering
- **MC006** Master of Engineering Project Management
- **MC007** Master of Business Intelligence and Analytics
- **MC008** Master of Business Administration / Master of Business Intelligence and Analytics

Students who are citizens of one of the following countries are currently eligible for the International Bright Futures Scholarship:

- Brunei Darussalam
- Cambodia
- Indonesia
- Laos
- Malaysia
- The Philippines
- Singapore
- Thailand
- Timor-Leste
- Vietnam

If you are eligible for an International Scholarship, your offer will automatically include this scholarship. Visit unisc.edu.au/internationalscholarships for more information, including terms and conditions.

Important information

Education Services for Overseas Students (ESOS) Framework

The ESOS Act and National Code ensure international students in Australia get the education they desire. To access the National Code of Practice 2018, or for a description of the ESOS framework for students, visit education.gov.au

Visas

If you're not an Australian or New Zealand citizen, or an Australian permanent resident, you'll need a visa that has study rights before you can enter Australia and undertake study. If you intend to study in a program that is longer than three months, you will normally need a Student visa. If you hold or are going to apply for any other visas, contact the Department of Home Affairs for advice regarding your eligibility to study.

To find out what type of visa you need and how to apply, visit:

- Department of Home Affairs (DOHA) homeaffairs.gov.au

For advice or assistance with your application for a visa to study in Australia, you can contact a registered migration agent to assist you:

- Migration Agents Registration Authority (MARA) mara.gov.au

Overseas Student Health Cover (OSHC)

OSHC is health insurance to assist international students, who are studying in Australia on a Student visa, meet the costs of medical and hospital care that they may need. The Department of Home Affairs requires overseas students to maintain OSHC for the duration of the visa.

UniSC can organise visa length OSHC cover for you, with our preferred provider Medibank, or you can arrange your own OSHC with an alternative provider. Costs for OSHC vary depending on the type and length of cover you choose. Fees can range from A\$384.50 for one trimester to A\$2,401 over three years for a single cover policy.

Working in Australia

Student visa holders must comply with the work conditions attached to their visa. Students should ensure they remain aware of any changes to visa requirements, including work rights. For more information, visit homeaffairs.gov.au

Who is an international student?

An international student is a person who:

- is not an Australian or New Zealand citizen, an Australian Permanent Resident or a permanent humanitarian visa holder
- is enrolled in, or intends to enrol in, a study program with an Australian higher education provider
- holds a visa that has appropriate study rights

An international student visa holder:

- is an international student who holds a Student visa issued by the Department of Home Affairs. Student visa holders should be aware of the ESOS Act 2000 and the National Code 2018, which registered providers offering CRICOS registered programs to international student visa holders need to adhere to.

UniSC terminology

Admission	The process of administering the applications to programs of study, including assessing applicants' academic history, checking program entry requirements and making offers to applicants.
Application	Application to a program is a process undertaken by students. This process includes submission of an application and supply of appropriate documentation.
Articulation pathway	Two programs that are constructed in such a way that completion of the first program allows credit from that program to be transferred to the second program (eg articulation from TAFE).
Award	An award (or award program) is a recognised certification of achievement that is granted to a student after the completion of all requirements of a higher education program (eg Bachelor of Arts).
Bachelor	Bachelor is the title for an undergraduate program (eg Bachelor of Business). Generally, a bachelor degree at UniSC comprises 288 units (24 courses) and normally takes three years of full-time study or six years of part-time study to complete. Four-year undergraduate programs are also available.
Census date	The census date is the date by which students must finalise their enrolment in each trimester or session. The census dates for trimesters and sessions are listed in the Academic Calendars. Census date is also used to confirm that students are enrolled to receive their scholarship or bursary payments.
Combined degree	A combined degree is a combination of two undergraduate degrees undertaken simultaneously (eg Bachelor of Arts/Bachelor of Science). A combined degree at UniSC comprises 384 units (generally 32 courses) and normally takes four years of full-time study or eight years of part-time study to complete.
Course	A course (commonly known as a subject) is a component of an award program that is normally one trimester in length. Each course is generally 12 units in value. The standard enrolment for a full-time student is four courses per trimester.
Credit points	The number of credit points defines the academic weighting assigned to a course. Most courses at UniSC have a weighting of 12 credit points.
Credit transfer	Credit transfer is the process of assessing prior academic work in order to determine whether those studies are of equal depth and academic rigour as courses offered at UniSC. A successful credit transfer application will reduce the number of courses required to complete an award program. Also known as advanced standing. See also: Recognition of Prior Learning.
Cross-institutional enrolment	Cross-institutional enrolment is where a student enrolls in a course/s through another institution which, on successful completion, can be credited to the student's award program at their home institution.
Domestic student	Domestic students are Australian citizens, New Zealand citizens (including a diplomatic or consular representative of New Zealand, a member of the staff of such a representative or the spouse or dependent relative of such a representative) or holders of an Australian permanent visa.
Elective	Many programs include elective courses, where students have the flexibility to study courses outside of their required courses that counts towards their degree. Electives may be from other UniSC Schools depending on the program requirements.
English language requirements	UniSC requires students to be sufficiently proficient in English to successfully undertake tertiary study. Students who have not previously undertaken secondary or tertiary study where the medium of instruction was English may need to demonstrate their English language proficiency eg, through an IELTS or TOEFL exam.
English prerequisite	Some UniSC programs require successful completion of English subject in Year 12, or equivalent, for admission to that program.
Enrolment	Enrolment is the process where an applicant, having received a written offer to study a particular program, chooses the courses to study in that program, pays the appropriate fees, and is issued with a Student ID Card. See also: Recommended enrolment pattern.
Equivalent Full Time Student Load (EFTSL)	An Equivalent Full Time Student Load (EFTSL) unit is the measure of the course workload of a student. 1 EFTSL is equivalent to 8 courses.

Fee due date	The date by which student fees must be paid.
Graduate	A graduate is a student who has completed all the requirements of an award program and has received their <i>testamur</i> (degree certificate).
Honours program	An honours program is usually two trimesters (one year full-time) of coursework, seminars and supervised research undertaken after a bachelor degree. It advances a student's knowledge and experience and helps to prepare for future research work or postgraduate study.
Introductory courses	Introductory courses provide a sound knowledge of essential areas, and a foundation for studies in majors and/or minors within an award program. They are normally coded as 100-level courses (eg ENP101).
Major	A major is a sequence of eight courses from one particular area of study.
Minimum entry requirements	The minimum requirements an applicant must satisfy to be considered for entry to a particular program. This may include, for example, Year 12 subject prerequisites completed to a specified level of achievement, employment, or a completed qualification such as a diploma. It also encompasses admissions rules such as English Language proficiency, Entry rank/OP and prerequisite study.
Minor	A minor is a sequence of four courses from one particular area of study.
Non-award student	A non-award student is enrolled in a course/s which does not lead to an award (eg Bachelor of Science). Headstart, visiting or Study Abroad students are non-award students.
Offers	The allocation of available program places to eligible applicants.
Part-time student	A part-time student studies either one or two courses per trimester. The standard part-time workload is two courses per trimester. Those attending university in Australia on a student visa cannot study on a part-time basis.
Portal	Portal is another term for Canvas; a web-based system for accessing course learning materials and other pertinent student information. Portal (Canvas) is linked from the UniSC homepage.
Postgraduate student	A postgraduate student studies a postgraduate coursework program (eg Graduate Certificate, Graduate Diploma, Masters by coursework) or a higher degree by research (eg Masters by research, Doctor of Philosophy) at university.
Practical	A practical offers students the opportunity to practically apply relevant skills (eg laboratory skills). Practical classes are usually 15–25 students in size.
Pre-requisite	Specific knowledge that is needed prior to enrolling in the nominated course.
Program	A program is the complete award with which a student graduates (eg Bachelor of Arts).
Program code	A program code is a combination of letters and numbers that identifies an award program for administrative purposes.
Program structure	A program structure shows you the courses and total unit value you must complete to be eligible to graduate.
Quota	The estimated number of places in a program.
Scholarship	Financial support for a number of years, to assist with the costs of study. Awarded to students on low income or other equity groups (eg coming to study from a rural/remote location). Also awarded to students with high academic achievement.
School	A school is an organisational area within the University devoted to particular academic programs and research (eg School of Education). Each school is headed by a Head of School or Dean.
Sessions	The academic year is divided into multiple sessions, as listed in the Academic Calendars. Sessions are generally for postgraduate studies, but also apply to what was previously known as Summer trimester.
Specialisation	A specialisation is available to postgraduate programs only, and is a prescribed sequence of 4 courses (48 units) from an area of study.
Study costs	Study costs broadly describes the charges a student can expect to incur whilst undertaking university studies.
Study period	A study period broadly describes a session or trimester.
Tertiary Preparation Pathway (TPP)	An alternative entry pathway to undergraduate degree study. Students can use this enabling program to update study skills or to qualify for university entry.
Trimester	Trimester 1, Trimester 2 and Trimester 3 are teaching sessions within Study Period 1 and 2 respectively, consisting of 12 weeks of teaching, a study break period and an examination period. At UniSC, we have transitioned from a semester to a trimester model.
Tuition fees	Tuition fees are incurred by fee paying students.
Undergraduate student	An undergraduate student studies a bachelor degree or honours program at university. An undergraduate student may also be a student who already holds a degree, but is taking a second or subsequent degree at the same level.
UniSC Central	UniSC Central is the online system where students enrol, view grades and class schedules, and update contact details.
Work integrated learning	Work integrated learning incorporates field trips, lectures by industry experts, internships, practicums and applied research projects. Work integrated learning is designed to enable students to experience the work environment and career realities of their chosen discipline
